

PARLIAMENTARY MANEUVER BLOCKS PASSAGE OF UNDERWOOD TARIFF BILL

REPUBLICAN LEADER MANN OF ILLINOIS DEMANDS READING OF THE "ENROLLED BILL"

It Will Be Impossible for the Enrolling Clerk to Complete the Enrollment of the Bill Before This Afternoon and the House Adjourned Until Two O'clock Today When the Vote on the Bill Will Be Taken.

WASHINGTON, MAY 7.—After all five weeks, preparatory to the passage of the Underwood bill, in the house had been set off, a Republican parliamentary maneuver blocked progress by the Democratic majority and the house was forced to adjourn until tomorrow with the bill still pending. When the valedictory speeches on the bill had been delivered and crowded floor and galleries were prepared for the final action, Republican Leader Mann of Illinois demanded that the bill be read in the house. Underwood's opposition to a roll call on the Republican amendment precluding a tariff commission by declaring the bill "enrolled." It was impossible for the enrolling clerk to complete the enrollment of the bill before tomorrow afternoon and amid the dissatisfied mutterings of the members who had waited through the evening in the expectation of a final vote, Representative Underwood moved that the house adjourn until 2 o'clock tomorrow afternoon when the vote on the bill will be taken.

Exempt Island Possessions.
In the closing hours of the session the ways and means committee amended the income tax section of the bill so as to exempt from its provisions the citizens of Porto Rico and the Philippines. Representative Mann reintroduced his tariff board amendment as a rider to the "dumping" clause which would assess a penalty not to exceed 15 per cent ad valorem on imports sold in this country at a lower price than abroad. Representative Mann proposed that the secretary of the treasury in arriving at a fair market value for such goods be assisted by a tariff commission appointed by the president. This amendment was voted down after a debate of 30 minutes. An amendment by Representative Fordney to include articles on the free list in the "dumping" clause also met defeat.

Parliamentary Battle Vigorous.
The real parliamentary battle took place after the completion of the reading of the bill for amendment, when Representative Payne took the floor and presented for the Republicans a lengthy motion which would have carried the bill back to the ways and means committee with instructions to alter various provisions.

It contained the Republican bill for a tariff commission the Republican substitute for the wool schedule, with a duty based on 18 cents a pound on raw wool, orders to prepare a cotton schedule according to the report of the tariff board, orders to change all rates on the basis of the difference in the cost of production at home and abroad, and to substitute specific duties for ad valorem rates wherever possible. It went the way of other Republican motions and amendments.

Then amid a chorus of cheers and thunderous applause from floor and galleries the leaders on both sides closed the debate on the bill. Representative Mann told the Democrats that they must accept the Democratic commission now, "or we will jam it down your throats in the next congress."

"Your bill has now been before the country for two months," he said. "And already has been universally condemned. Business is more or less stagnated in the fear that your rates will injure industry. I hope that fear will disappear. But you are trying to continue prosperity by threatening prosperity, and if you succeed you will have accomplished the impossible. We turn over to you a prosperous country where the people are happy, where there is work for all to do. Take it and see whether you can do as well as we have for the country will judge you not by what you say here but by the future."

As the Republicans applauded, Representative Payne of New York arose.

"I have heard mighty little criticism of the present law," he denunciated not much from gentlemen who appear on this floor for the first time and most of them for the last time. All of them say they don't like some of the provisions of this bill."

Shaking a finger at the Democratic side of the chamber, Mr. Payne advanced across the well of the house and shouted:

"If those of you who are voting for this bill and holding your noses because you don't like the odor of it were to vote according to your convictions, there would not be enough votes to insure its final passage."

Mr. Payne sat down, and the chairman recognized Speaker Clark.

Speaker Clark's Reply.
There was a roar of applause from the Democratic side as the speaker strode down the center aisle. Democrats and Republicans alike rose out of respect to the speaker and stood until the applause subsided.

"In the language of the old hymn," the speaker said, "this is the way I long have sought."

He got no further. Applause that swept the floor and galleries left him silent in the midst of pandemonium.

After some time the noise subsided and he continued:
"A few of us have been fighting for twenty years to accomplish what we are going to do in a few minutes. We have faced a majority of 124 on the other side of the aisle. You now face a majority of 191."

The speaker congratulated Representative Underwood and the Democrats for the ways and means committee for the work in the preparation of the bill and congratulated both sides of the house for the "courteous, kindness and good feeling" that marked this consideration. "It seems our manner as well as our politics are improving in this house," he said. "No tariff bill was ever so thoroughly considered in the house. Two weeks in the Democratic caucus and they can say what they please about that caucusism, brought about unanimity in the house. We brought in no rule to limit debate or amendment. You cannot kick or squeal that you did not have an opportunity to offer your ideas as to what should be in the bill. The unanimity in the house was not brought about by the lash of the task-master. You Republicans say that the last time we passed the tariff bill we split up. This time we will pass the tariff bill and stick together."

"This bill is the consensus of the opinions of 218 men in the house, 49 in the senate and one man in the white house. We've got a bill on which we can go to the country and the country will rise up and call us blessed. We want a wider market for our surplus products and that's what this bill is going to give us."

Amendment to Bill Defeated.

By a vote of 41 to 32 the senate tonight refused to accept an amendment to the sundry civil bill by Senator Gallinger, striking out a clause exempting labor and farmers' organizations from prosecution under the anti-trust law with funds appropriated by the bill. The Republican senators, Jones, LaFollette and Norris, voted with the Democrats against the Gallinger amendment, and two Democrats, Pomere and Thomas, joined the Republicans in supporting it. The bill itself, carrying about \$117,000, finally was passed by a viva voce vote with only one minor committee amendment. It will be sent to a conference probably on Friday and should be ready for President Wilson's consideration next week. Friends of the president believe that he will sign it.

During debate today Senator Cummins made an effort to have congress take up the question of exempting labor and farmers' organizations from the Sherman act, directly, and not by legislation in an appropriation bill. He moved that consideration of the sundry civil bill be suspended under May 17; that the senate interstate commerce committee be directed to report on the advisability of such exemptions and that if found advisable it should accompany its report with a bill for that purpose.

On motion of Senator Martin, the Cummins proposal was laid on the table and several minor amendments proposed were beaten by a loud chorus of "noes" and without requiring record votes. Before the final vote was taken the senate spent three days in debate on the labor clause and scores of senators spoke on the subject. Speeches on the Republican side indicating an apparent willingness to see the Sherman law amended and made more specific, may lessen the difficulties of President Wilson in putting through his reported plan for changes in this law.

Hurry Bill to Close.

Party leaders primed for final political thrust of the tariff debate hurried their defies across the chamber on belated amendments with alerting currents of applause reverberating through the chamber, the packed galleries frequently joining in the demonstration.

When the echoes of approving cheers died away after the defeat of the last Republican amendment while the house was in the committee of the whole, Representative Gardner of Tennessee chairman of the committee turned the gavel over to Speaker Clark.

Underwood Moves Passage.

Majority Leader Underwood then placed the bill before the house and moved its passage. Debate on this motion was begun and hastened as rapidly as possible with prospect of a roll call about mid-night.

Prior to the vote on the last amendment, Minority Leader Mann, Majority Leader Underwood and Speaker Clark were given rousing ovations.

With an overwhelming Democratic majority on hand to send the bill

on its way to the senate the session tonight was marked by an exuberant spirit of triumph on the Democratic side. Every member who could possibly attend was in his place to hear the conclusion of the debate on the bill and to cast his vote. Although several Democrats had announced their intention of voting against the bill, Majority Leader Underwood and his lieutenants had plenty of votes on hand to insure its passage and the defeat of Republican and Progressive efforts to amend.

Great Throngs in Galleries.
As the end of the two weeks of political spell-binding and weary efforts to amend the bill that marked its progress through the house drew to a close, the expectation of a vote drew great throngs to the galleries of the house chamber. Early in the evening all seats were filled and the crowd had taken possession of the gallery aisles. After the gallery doors were closed the crowds continued to come, and soon scores were lined up in the corridors trying in vain for a glimpse of the floor.

Down in the well of the house, Representative Underwood flanked by companions led to the final effort of the two weeks battle to pass his bill.

A few feet away was the leader of the Republicans, Representative Mann of Illinois, with Representative Payne of New York and Fordney of Michigan, the Republican tariff experts who for two weeks had maintained an unceasing fire of caustic criticisms and amendments, kept up their forlorn fight to change the provisions of the bill.

The last skirmish on the details of the measure came on the administrative clause, allowing a five per cent discount on the duty on all goods brought into the United States in American ships. Republicans attacked this provision vigorously, declaring that it was "political humbug" and that it had any meaning it meant an advantage to "foreign vessels and foreign shipping companies."

After an hour of vigorous debate an attempt to strike out the provision was defeated by a rolling chorus of "noes."

GORMAN'S BILL REPEALING STATE CIVIL SERVICE IS KILLED IN HOUSE

Representative Hull's Motion to Strike the Enactment Clause From the Bill Carried.

Springfield, Ill., May 7.—Representative Thomas N. Gorman's bill repealing the state civil service law was killed in the house today when Representative Hull's motion to strike the enactment clause from the bill was carried.

The real test of strength came on Representative Gorman's motion to table the Hull motion, striking the enactment clause from the bill. On the roll call the vote resulted 45 ayes to 88 nays and the motion to table was declared lost by Acting Speaker Rapp.

Gorman Moves Postponement.
Pending the announcement of the roll call, Representative Gorman moved that further consideration of the measure be postponed. On a rising vote this motion was defeated, 57 ayes to 68 nays. The Hull motion was then declared carried upon a viva voce vote.

Consideration of the Gorman repeal message came up today under a special order in speaking for his bill Representative Gorman declared himself to be in opposition to civil service of any kind.

"The gentleman from Peoria voted for civil service two years ago?" asked Representative Thomas Curran of Chicago.

"Yes," responded Representative Gorman, "but it was under a misrepresentation and I am not going to repeat that mistake."

Attack Civil Service Principles.
Browne, Democrat, and Grunau, Progressive, both attacked the principles of civil service. Browne declared it to be the cause of inefficiency and Grunau said that in its present form in Illinois civil service is a farce.

Although favoring civil service, Representative Hubbard said he believed that in many instances it had been a farce by reason of its use as a party asset, and its consequent abuse. He favored eliminating from the operations of civil service the offices of state officials who are required to give bond for the performance of their duties.

Governor Dunne's Appointments.

Governor Dunne laid before the senate today the following appointments which, under the following rules, will lie over until tomorrow: Silas Echols, Mr. Vernon, member of the board of education, vice B. O. Willard, term expired.

J. S. Taylor, of Benton, public administrator for Franklin county, vice E. Dillon, resigned.

Trustees of the southern Illinois Normal school—W. W. Barr, of Carbondale, vice J. M. Burkhardt, resigned; Walter Williams, of Benton, vice, Hugh Leader, resigned; O. M. Karraker, of Harrisburg, vice, W. F. Bundy, resigned; Herbert Piper, of Sumner, vice, R. T. Goddard, resigned; George McShay, vice, W. M. Grissom, resigned.

Withdraws Appointment.

Governor Dunne this morning sent a message to the senate withdrawing the appointment of Jesse Black of Pekin as a member of the state board of education, which was sent to the senate several days ago.

Boston, May 7.—Nearly three scores of bright boys, members of the Boy Achievement Club of America, sailed from this port today on a trip around the world. The youngsters, who formed a fine and healthy looking party, attracted considerable attention, were selected by prize competition from the boys in many large cities between San Francisco and Boston.

USED WOMEN AS SPARRING PARTNERS

JOHNSON CHARGED WITH DIRECTING FISTIC TACTICS AGAINST THEM

Assistant District Attorney Says Girls Were Frequently Sent to Hospitals As a Result of His Treatment.

CHICAGO, May 7.—White women who associated with Jack Johnson, negro heavy-weight champion of the world, were used as sparring partners, according to charges of government attorneys today in the trial of Johnson charged with violation of the Mann law.

Harry A. Parkin, assistant district attorney addressing the jury, declared that he would introduce evidence to show the character of Johnson. He said he would bring out facts detrimental to the defendant which occurred previous to his fight at Reno in 1909, and would prove that while playing a vaudeville engagement he was living with three white girls in the same city and that he took them about the country with him.

These women, he declared, were Belle Schrieber, a girl named "Hattie," and Etta Duryea, whom Johnson later married and who subsequently killed herself while despondent over the ignominy of her life with the negro. The attorney declared that evidence would show that Johnson directed his fistic accomplishments against the women.

"As a result of his treatment of these girls," Mr. Parkin said, "they were frequently sent to hospitals with blackened eyes and bruised bodies."

W. Jacobowski, Johnson's chauffeur was the first witness. He told of Johnson's meeting Belle Schrieber, the woman he now is charged with having transported from Pittsburgh to Chicago, in Cleveland and again in Detroit, and of Johnson's having sent his automobile to take the woman from her hotel to the theaters where Johnson was appearing.

Lillian Henderson of Pittsburgh, the second witness told of Belle Schrieber's leaving Pittsburgh in August, 1910.

GIVE PRISONER THREE MONTHS TO PROVIDE FOR HIS FAMILY

Aviator Convicted of Attacking Iowa Girl, Granted Time by State Supreme Court.

Des Moines, May 7.—Earl Lindsey, an aviator flying under the name of Earl Warmouth, convicted of attacking a little girl at Colfax, Ia., and given a life sentence in the penitentiary, was granted three months in which to provide for his family, by the Iowa supreme court today.

The rehearing of his case was postponed until fall, with the consent of Attorney General Cosson, upon the representation of Lindsey's attorney that he had several aviation contracts, for the summer, the proceeds of which were to be turned over to his family for their support during his imprisonment.

Lindsey has been under bond and since his conviction has developed as an aviator. At St. Louis last week he is said to have made some exceptional altitude flights.

PROTEST AGAINST SECTIONS OF TARIFF BILL

Paris, May 7.—The American Chamber of Commerce in Paris decided to protest to congress against the administrative section of the tariff bill. Modifications will be requested to certain paragraphs, particularly those relating to the establishment of market values on consignments of foreign manufacturers and examinations of books by government officials.

Objections will be made also to the provision of the income tax as applied to American citizens residing abroad and to foreigners residing in the United States, and finally to the provisions relating to reciprocity treaties and the maximum and minimum clauses.

FOUR HUNDRED TAILORS STRIKE

Chicago, May 7.—Four hundred tailors employed by M. L. Oberndorf in this city struck to day. Fourteen of them, who did not disperse when ordered to do by the police were arrested, and later released under bonds. Policemen were posted around the plant to prevent violence.

The strike is said to be due to an effort to unionize the plant, which is an "open" shop.

WEATHER INDICATIONS AND TEMPERATURES.

Washington, May 7.—For Illinois: Probably fair Thursday; Friday increasing cloudiness, light to moderate east winds.

	Chicago, May 7.—The maximum, and minimum temperatures for day were:	current
Boston	52	68 58
Buffalo	50	56 44
New York	50	79 58
New Orleans	68	74 64
Chicago	52	55 45
Omaha	48	58 38
Detroit	64	68 50
St. Paul	50	52 44
Helena	54	60 52
San Francisco	62	64 52
Winnipeg	40	52 28

WILSON TALKS WITH SCORE OF SENATORS

CLEAR UP TROUBLESOME SITUATIONS REGARDING OFFICES

Names John Mitchell Collector of the Port of New York, Ben Marshall Internal Revenue Collector in Kentucky and George W. Guthrie Ambassador to Japan.

WASHINGTON, MAY 7.—President Wilson went to the capitol for the fourth time and after an hour of conferences with a score of Senators came away wearing a happy smile at having cleared up to his own satisfaction a number of troublesome situations that had arisen over appointments.

In New York and Kentucky, factions of the Democratic party for several weeks had carried their fights on appointments to the white house. By the nomination of John Purroy Mitchell as collector of the port of New York, the president satisfied Senator O'Gorman as well as anti-Tammany Democrats who look on Mr. Mitchell as an aggressive opponent of the Tammany organization.

Appoints Marshall Collector.
In Kentucky the president stood by Senator Ollie James by appointing Ben Marshall to be collector of internal revenue for the seventh district of Kentucky. A vigorous contest had been waged by Former Governor Beckham who supported for the place Desha Breckenridge of Lexington, a cousin of the Assistant Secretary of War, Henry C. Breckenridge.

The selection of his choice brought keen satisfaction to Senator James. Senator Kern of Indiana brought the President's attention again to the case of Romus F. Stewart and John E. Hollingsworth, two Indiana Democrats who were removed from their positions as post office inspectors by President Harrison.

Removed "For Political Reasons."
On investigation by Postmaster General Burleson it was found that they were removed "for political reasons" and that they were not guilty of delinquency or misconduct.

After the conference with Senator Kern, the president issued an executive order reinstating both men.

The nomination of Gaylord M. Saltzberger to be Commissioner of Pensions ended a long contest in which petitions and political pressure was exerted from many sides on the president.

Guthrie Ambassador to Japan.
Another important nomination was that of George W. Guthrie of Pennsylvania to be ambassador to Japan. He is Democratic state chairman of Pennsylvania. Mr. Wilson chatted briefly about the tariff situation with some of the senators and was informed that the Democratic majority was working harmoniously to put the bill through.

The president's visit attracted little attention. He was in the president's room. He came and went so inconspicuously that some of the senators on the floor were unaware that he was in the building.

John Purroy Mitchell is an independent Democrat and president of the board of aldermen of New York City. He succeeds William Loeb Jr., as collector of the port of New York.

ST. LOUIS GIRL WEDS TITLED ENGLISHMAN.

Miss Edwina Thornburgh Becomes Wife of Sir Wilfrid Peek.

St. Louis, May 7.—Sir Wilfrid Peek, a typical young Englishman of title, with a passion for globe-trotting and big game hunting, today claimed a St. Louis girl, Miss Edwina Thornburgh, for his bride. The wedding took place this afternoon in the First Presbyterian church and was a most brilliant affair. The Rev. Dr. W. J. McGrickick, pastor of the church officiated. The bride had her sister, Mrs. John H. Holliday, as matron of honor, and two of Sir Wilfrid's sisters were among the bridesmaids. Mr. Arthur Benyon of London acted as best man. Following the ceremony at the church a large and brilliant reception was held at the home of the bride's mother, Mrs. William C. Stribling.

The wedding of Miss Thornburgh and Sir Wilfrid Peek is the culmination of an interesting romance. The pair first met while Miss Thornburgh was travelling in Europe. An acquaintance and courtship followed and soon the engagement was announced. Sir Wilfrid was hunting in India when he received a cablegram from Miss Thornburgh naming the wedding day. He caught the first liner from Calcutta and arrived in London on April 14. In London he found a great array of wedding presents waiting for his bride, including thousands of dollars' worth of gold and silver plate from relatives and friends.

Sir Wilfrid had the presents packed in two large boxes, intending to bring them to St. Louis to display at the wedding and then take them back to England. But on his arrival in New York he found that he could not bring them into the country without paying the duty amounting to almost fifty per cent of their value. So he left them there and will reclaim them before he departs with his bride for England a few weeks hence. The couple will make their future home at Sir Wilfrid's estate in Devonshire.

WOMAN SUFFRAGE CARRIES IN SENATE

ILLINOIS BODY PASSES MEASURE BY VOTE OF 29 TO 15

Senator Magill, Author of Bill, Makes Brief Statement Supporting It—Beal's Bill Carries.

SPRINGFIELD, MAY 7.—In the presence of a large lobby of women suffragists, Senator Magill's female suffrage bill passed the senate today. Twenty-nine senators went on record in favor of the bill, the number being three more than the required constitutional majority. Fifteen senators voted against it.

There was no demonstration from the women in the galleries and outside of the rail on the floor of the senate when the bill was declared passed. But when the senate adjournment was taken the women descended upon the lawmakers, who had supported their measure and overwhelmed them with expressions of gratitude. The passage of the bill by the senate will be reported to the house tomorrow. The fate of the measure in that branch is much less certain than it was in the senate. Owing to the lateness of the day it is doubtful whether the measure reaches a roll call in the house at the present session.

The Magill bill extends the right of suffrage to women in all elections for statutory officers.

SPRINGFIELD, ILL., MAY 7.
Woman suffrage was victorious in the senate today, the bill giving women the right to vote passing that body 29 to 15.

Senator Magill, author of the measure, calling up the measure for passage made a brief statement in support of the bill.

Senator Jaul spoke in favor of the bill. He had opposed women's suffrage in the past he declared, but as a consequence of the revelations disclosed by the senate white slave committee of which he is a member he had reached the conclusion that men were not giving women the protection they needed and he was for the bill.

Senator Beall declared himself unalterably opposed to the proposition. He had made inquiry of many women, he said and found out the many he had talked with, only three or four favored it.

Senator Waage also opposed the bill, stating that his constituents had declared themselves against it.

Wants Bill Recalled.

Senator Denvir called attention to the fact that the senate two years ago had passed the women's suffrage bill with a referendum clause, and he could not understand why it came up now without such a provision. He ended by moving that the bill be recalled to second reading. Senator Magill moved to table the motion and on viva voce vote the motion to recall was tabled.

Senators voting yea on passage of the bill were: Bailey, Madigan, Helm, Compton, Barr, Magill, Hurlburg, Manny, Johnson, Curtis Jones, Olson, Campbell, Ettleson, Juhl, Percy, Keller, Franklin, Landee, Stewart, Landberg, Tasey, Clark, Womac, MacLean, Woodard, Cleary, Harris, Hay—29.

Senators voting nay were: Andrus, Hearn, Beall, Hurley, Broderick, Canada, Dailey, O'Conner, Denver, Forst, Shaw, Glackin, Gorman, Gray Haase—15.

Must Furnish Seats.

Senator Beall recently attended a game of baseball at the National league park in Chicago. He had friends with him and had purchased seats for all. He was unable to get the seats called for by his coupon. He appealed to President Murphy, owner of the Chicago club, that the seats paid for be given him, but was ignored. The senator vowed then that before the legislature adjourned a law would be passed that would prevent a recurrence of such incidents. Today Senator Beall's promise was made good as far as the senate is concerned, when that body, by a vote of 26 to 11, passed a bill, one of the provisions of which would require seats must be furnished to all ticket holders at baseball games.

SIGNED CONFESSION CLEARS UP BANK ROBBERY AND MURDER

Prisoner in Jackson County Jail Admits He Fired Shot That Killed Abe Kimmel in Vergennes Seven Years Ago.

Murphysboro, Ill., May 7.—The signed confession in the Jackson county jail here today of Joe Swan cleared up the seven years mystery involving the robbery of the bank in the Floyd store in Vergennes and the slaying of Abe Kimmel. Swan was recently arrested in Oklahoma City. He made a partial confession of his part in the robbery and shooting after joining the Salvation Army.

Kimmel lived across the alley from the bank in Vergennes. The night of October 22, 1906, hearing unusual noises, he stepped into the alley and saw a band of robbers, who had ridden in on horseback, at work in the bank. The party escaped after robbing the bank and fatally shooting Kimmel.

Swan in today's confession admitted he fired the shot that killed Kimmel. It is believed other members of the band will be captured as a result of the detailed confession.

TO CALL EXTRA SESSION.

Albany, N. Y., May 7.—Governor Sulzer announced to day that he would call an extra-ordinary session of the legislature on June 8th, to consider direct primary and other legislation.

POSTMASTERS WILL TAKE EXAMINATIONS

All Fourth Class Postmasterships Have Been Thrown Open in Act

SMALL OFFICES EXEMPT

Postmasterships Paying Less Than \$180 a Year Were Not Included in Executive Order

CHANGE TAFT'S RECENT ORDER

WASHINGTON, MAY 7.—All fourth class postmasterships, except those paying less than \$180 a year, were thrown open to competitive examination by an executive order issued to day by President Wilson. These positions are retained in the classified service, but about 50,000 incumbents who were "covered" in to the classified service by executive orders of previous administrations will have to meet all comers in competitive examination in order to hold their positions with civil service protection.

In a statement making this order public, Postmaster General Hurleson announced that it was the purpose of President Wilson and himself to extend the classified service to include Presidential postmasters of the second and third class, probably within a year. This may require legislation by congress, he said. His plan which will be laid before the president soon, would provide for a qualification test for incumbents and applicants, "in keeping with the importance of the offices."

Under President Taft's order of October 15th, 1912, fourth class postmasters were divided into two classes, class "A", those drawing more than \$7,000, and class "B" those drawing less than \$5,000.

Competitive examination were prescribed for future applications for class "A" appointments, while the class "B" positions were to be filled upon recommendation of post office inspectors.

Today's order leaves only the offices paying \$180 or less to be filled upon inspectors' reports.

Burleson's Statement.

Rules and regulations to govern the administration of the new order will be worked out and announced by the civil service commission as soon as possible. In his statement the postmaster general said:

"I feel that President Taft's order of October 15th, last, did not go far enough in that it failed to apply a merit system to the entire service. It was aimed to cover, it had the effect of placing within the classified service a large number of postmasters who have not been required to demonstrate their fitness for such appointments. Fundamentally a reform movement has for its purpose the righting of an existing wrong. Therefore if the application of the merit system to the postal service was needed in order to correct an existing evil, then the scope of the order affecting the change should have been broad enough to have change as far as possible the condition existing as well as to accomplish the desired results in the future."

"Political considerations have in the past very largely controlled the selection of fourth class postmasters and under this order Democrats must be held responsible for the wise and safe administration of the offices."

"Under the circumstances, the Taft order violated at least the fundamental purposes of the civil service law, because it placed permanently in office without examination or other test as to merit or efficiency a great horde of persons. If left in this condition and permitted to operate without proper examination into its workings, the law would make honest civil service a farce and prove a setback to its proper administration and future progress. My effort is to correct the evil and save the merit of the order and duly guard civil service and efficiency."

GRAIN COMPANY FAILS.

Joliet, Ill., May 7.—The H. T. Truby Grain company, the largest and oldest grain company in Will county, capitalized at \$100,000 and owning six elevators, assigned to a committee of creditors to day.

Failure to get cars is the explanation of the firms reverses.

REPUBLICANS SET DATE FOR COMMITTEE MEETING

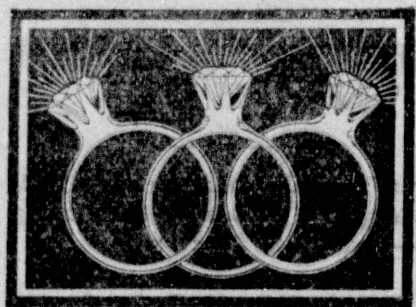

New York, May 7.—First meeting the executive committee of the Republican National committee to be held since the November election was set to day for Saturday, May 24th, at Washington in a call sent out by Charles D. Hilles, the national committee chairman.

ZAPATA FORCES DEFEATED.

Mexico City, May 7.—Zapata forces were defeated in a fight which lasted many hours today a few miles north of Cuernavaca. An official report from General Robles gives the rebel dead as ninety, while the federal losses numbered only three wounded.

NEW REGIME STARTS IN SOUTH JACKSONVILLE

Farewell Address Made by Retiring
President Weber—President Hack-
ett Outlines Policy—Committees
Named.

The village council of South Jacksonville held a regular meeting last night and transacted a good deal of business in addition to listening to the farewell address of H. Weber, retiring president, and the inaugural of President J. H. Hackett, who outlined his hopes for the village. Resolutions were also adopted by the board expressing appreciation for the good work done by Mr. Weber.

After the call to order the roll was called and all members were present except Mr. Hembrough. The minutes were read and bills were approved and ordered paid. The report of C. Riggs Taylor, treasurer, and John R. Hill, clerk, for the year just closed, were referred to the auditing committee.

Ordinances Nos. 29 and 30 relating to concrete walks were adopted with emergency clauses attached.

The oath of office was then delivered by John R. Hill to the new officials, J. H. Hackett, president; O. B. Hehl, W. H. Hembrough and Grant Graft, trustees.

President Hackett appointed the following standing committees:

Streets and alleys—Hehl, Hembrough, Graft.

Ordinances—Baxter, Hehl and Hembrough.

Light—Cannon, Beasall and Graft.

Finance—Hembrough, Baxter, Beasall.

Special cemetery sidewalk—Beasall, Hehl and Hill.

President Hackett named C. R. Taylor as treasurer and Joseph Walter as constable and pound master.

Mr. Weber's Valedictory.

To the Members of the Board of Trustees of South Jacksonville, Gentlemen—

After twenty months of service as president of the board I am about to pass on to another the responsibilities of that office.

In doing so I wish to thank you worthy trustees, and the efficient clerk of the board, for the many courtesies and the hearty co-operation you have extended to me during my association with you in an official capacity.

You have not only kept your duties as officers of the village before you, and acted in accordance therewith promptly and honorably, but you have at all times responded cheerfully and willingly to my wishes and instructions as the executive officer.

It affords me great pleasure to state this on this occasion and it is prompted by a feeling not soon to be forgotten by me.

I have at times in the past been afflicted with bodies of men such as this, but never have I worked with a set of gentlemen as harmoniously as I have with you.

I believe that through this feeling of good friendship and unity we have accomplished results which are highly appreciated by the taxpayers and residents of this community.

As a proof of this they have not stopped with merely conforming to the ordinance passed by us but have gone beyond in their efforts to beautify and build up the village. In one whole block the property owners laid a five foot walk instead of the four and one-half foot walk required by the ordinance. I would also call attention to the many improvements of a private character which have been highly spoken of by our residents and visitors. This spirit comes from the right kind of people, and make South Jacksonville even now one of the most beautiful residence suburbs in central Illinois.

You and I have certainly appreciated this encouragement and in return I believe I may honestly state that every true citizen who has been placed in our hands by them has been honorably and strictly adhered to and carried out.

We have endeavored to administer their affairs with efficiency and economy, even at the cost of personal sacrifice to many of us, and every dollar expended by us has received its just value in labor or material as may be seen by all.

And now in conclusion let me say that I hope you will extend the same helping hand to our newly elected president, Mr. Hackett, and accord to him the same courtesy and harmony as you have to me, for where there is harmony and unity of purpose much may be accomplished with little means.

And always remember that I still have the welfare and prosperity of the little village at heart and any time I can aid you in my humble way I will be glad of the opportunity to do so.

Board Express Appreciation. . . The trustees adopted the following expression of appreciation of the services of the retiring president:

"It gives me great pleasure, together with the other trustees, for whom I speak, in bidding our worthy past president good-bye, to say that we will miss him from our ranks, for we have worked faithfully together with him since the first meeting in our village.

"After knowing that we were to be a village and that we would be named the village of South Jacksonville, Ill., he was nominated to head the People's party as president and at the election thereafter was elected to the position, receiving I think about the full number of votes cast.

"He has been a good and faithful president and voluntarily gave his services gratis and has accomplished much during his term of office which we all know of and I need not mention. South Jacksonville has improved most wonderfully and has been much talked of and has taken a position in the minds of not only her own residents but of outsiders, even Greater Jacksonville, and we are on the boom.

"We feel proud of our retiring president and I wish to state that he has been a faithful officer and

has devoted his time to the betterment of our village. We are sorry to know that some important matters which have been suggested and taken up by him could not be disposed of while he was yet in office, but assure you that they will be looked after and carried through with the help of our newly elected president, J. H. Hackett.

"In conclusion I will state that we all wish him a very safe and pleasant journey to his old home abroad and also a safe return home and that he will not forget us and the meeting place where he so long presided over 'with the big stick,' that he will often visit us, for which we extend to him a very cordial welcome at all times.

(Signed)
Trustee E. E. Beasall.
Trustee J. R. Baxter.
Trustee O. B. Hehl.
Trustee L. D. Cannon.
Trustee W. H. Hembrough.
Village Clerk John R. Hill.
Dated May 7, 1913."

CITY AND COUNTY

Miss Mary Jewell of Alton was a Wednesday visitor in the city.

E. E. Murry of Virginia was in the city yesterday on business.

F. Farrow has taken a position as assistant janitor of the court house.

Samuel Crum was among the visitors in the city yesterday from Litterberry.

Perry Henderson of Arcadia was transacting business in the city yesterday.

Fred Ludwig and Joseph Scherfokort of Alexander were Wednesday visitors in the city.

Mrs. M. M. Cordes and Mrs. Harry E. Johnson have returned from a visit in Springfield.

Miss Esther Hay of St. Louis is the guest of Miss Helen Ward of North Church street.

Rev. Anna Shively of Springfield, Mo., is visiting at the home of Mr. and Mrs. W. B. Hexroat.

A. Crain of Centerville, civil engineer for the Burlington, was a business visitor in the city yesterday.

Mr. and Mrs. K. B. Beery and Mrs. Lynn Westlake of Alexander were shopping in the city yesterday.

Mr. and Mrs. Thomas Heaton of S. Clay avenue are spending today with relatives and friends in Virginia.

Dr. J. T. Pierce of Tarkio, Mo., was here to attend the May Day exercises. He is the guest of Dr. Harker.

Mrs. Edward Crane and daughter Miss Eva of Hillsboro were among the ladies visiting in Jacksonville Wednesday.

Miss Ruth Young of Casey, Ill., was here yesterday to attend May Day. She is a former student of Illinois college.

W. W. Holliday, general manager of the Illinois Telephone company, was transacting business in Springfield Wednesday.

Mr. Bracawell of Chesterfield is visiting his son May, who is attending Illinois college and was awarded the prize in the declamation contest Tuesday evening.

W. L. Bandy has taken the position of third truck operator at the local Burlington passenger station. His position of second truck operator has been taken by Lee Clark of Atwater.

Mrs. George Wild and daughters, Misses Ida and Hulda of Bunker Hill are visitors in the city and will leave tomorrow for Colorado where they expect to spend the summer months.

Among the visitors from Woodson in the city Wednesday were Mrs. Lucy McCallister, Mrs. Sarah Crane, Mrs. Fannie McKeane and Mrs. William Mortimer and daughter Miss Eva.

Mrs. C. R. Knollenberg has returned from Franklin where she went to visit her mother Mrs. W. R. Seymour who has recently returned after a year's stay at Eureka Springs, Ark.

Mrs. Arthur Hinners of Pekin and Mrs. William Pawson of Delavan were here yesterday to attend the May Day celebration. They are guests of Miss Winnie Wackerle at the Woman's college.

Mrs. Lee Skiles and daughter Helen, Mrs. Harry Downing, Mrs. Joseph Patton, Mrs. J. C. Meade of Virginia were witnesses of the May Day exercises yesterday. They came to the city in Mrs. Skiles automobile.

Howard E. Jameson's picture appeared in a recent issue of the Milwaukee Journal. Mr. Jameson is employed by the Harley-Davidson Motorcycle company of that city. He is one of the four boys who will find a trail for a four days' motorcycle trip, given under the auspices of the Journal.

Mr. and Mrs. W. G. Ebey and two sons are in the city, guests at the home of his sister, Mrs. S. E. Snow of West Lafayette avenue. On the sporting page of this issue reference is made to Mr. Ebey being manager of the Jacksonville baseball team some years ago.

Mr. and Mrs. O. F. Conklin are again in Jacksonville after spending the past six months at their home in Los Angeles. They came over the Rock Island through Kansas and Mr. Conklin said yesterday that the crop prospects are fine in that state. There have been good rains recently and the wheat in nearly all parts of the state is in excellent condition.

CANADIAN LEAGUE STARTS.

Ottawa, Ont., May 7.—The Canadian Baseball league inaugurated its regular season today, with Hamilton playing at Guelph, Peterboro at Berlin, St. Thomas at London, and Ottawa at Brantford. The league officials predict the most successful season in the history of the organization. To all appearances the eight teams are more than usually well-balanced and in consequence a close and interesting pennant race is expected. A schedule of 112 games will be played. The season will close Labor day.

100 BUSHEL PER ACRE CROP.

Never Grown on a Hungry Soil—Fertile and Worn Soils Defined—Nature's Remedies Best and Most Economical.

Strenuous efforts are put forth throughout the country to encourage the production of large yields per acre of corn and other farm crops. Commercial associations, manufacturing corporations as well as county, state and national governments are willing to appropriate large sums of money for use in urging farmers to coax the land to give up more of its fertility in the form of grain and live stock. Men are sent out to preach 100 bushel per acre crops and their principal argument is "Better Seed Selection," "Better Preparation of Seed Bed," "Better Cultivation, etc." but many of these evangelists do not understand and present the fundamental facts of a 100 bushel per acre crop.

Building Foundation First.

Thorough preparation of seed bed, intelligent selection of seed, and good cultivation are vitally essential and must be employed, but to attempt to grow the 100 bushel crop by these means alone is likely trying to build a house by constructing the roof before laying the foundation. The foundation of a 100 bushel per acre crop is fertile soil—a soil containing sufficient plant food elements to produce such abundant crops—a soil so intelligently drained as that these elements in plant food solution shall not be weakened by over dilution.

Some people forget that a fertile soil is a living, breathing thing, well fed by nature, or by the hand of man, with the natural mineral elements and the organic matter necessary for the use of the soil bacteria in the manufacture of plant food and for a delightful environment in which they can live and work.

A Worn Soil is Hungry.

Some people forget that a worn soil is a hungry soil—a soil whose breathing is difficult because its organic matter is exhausted, and whose natural mineral elements of plant food have been depleted by the manufacturing bacteria—a soil that constantly bleeds through its stunted scrawny, half nourished plant growth, for material with which to satisfy its hunger, and from which its bacteria may manufacture food for the support of its vegetation. 100 bushel per acre crops are never grown on such soil, and a resort to stimulants in the form of so-called "Compete Fertilizers" only hastens land ruin.

Nature's Remedies Best.

Nature's remedies and methods for curing the ills of man, beast or soil are always the best and most economical. So we must learn the simple lesson that whatever the necessary mineral elements of plant food are deficient, whether it is because they never were deposited in sufficient quality by nature or whether they have been exhausted by erosion or repeated cropping, we must not only return them in their natural form, but we must make them available for plant food by supplying organic matter in abundance. No considerable increased crop yields will be realized until these facts are thoroughly understood and methods involving their application adopted.

—H. A. McKeane, secretary, Illinois Farmers' Institute.

A guaranteed watch given free with each boy's suit purchased at Garland & Co.

TOM W. ALLEN MAKING GOOD.

An old time Jacksonville boy who has risen to the top in his calling is Thomas W. Allen. He is past proprietor of the Wortham and Allen Carnival Co., and one of the big ones. His company has thirty cars and this will give a good idea of its size. The company is at Jefferson City, Mo., this week. The papers speak highly of the attraction. Mr. Allen was married last winter to the daughter of C. W. Parker, the millionaire showman of Leavenworth, Kansas. Mr. Parker by the way, is an old Illinois boy, having one time resided at Griggsville. It is likely that Jacksonville will be favored with a visit from the Wortham-Allen shows some time this year.

Our rest room, telephones, time tables, directory and everything in our store is at your service. Hillerby's Dry Goods store, Safest Place to Trade.

MISS FRANCES M. FRANKENBERG

WEDS MR. HENRY G. IMMENGA

Ceremony Was Said at the Home of the Bride's Grandmother, Mrs. John G. Rexroat.

The marriage of Mr. Henry G. Immenga of Litchfield and Miss Frances M. Frankenberg of this city took place Wednesday evening at 8:30 at the home of the bride's grandmother, Mrs. John G. Rexroat, 1458 South Main street. The marriage vows were lighted in the presence of only immediate relatives and said by Rev. W. L. Dorgan, pastor of the First Baptist church, the ring ceremony being used.

The bride wore a gown of chiffon over messaline and carried a shower bouquet of bride's roses. She is the daughter of Mrs. Mary B. Frankenberg and makes her home with her mother at 793 West College avenue. She is a member of the Junior class of the high school and of the Alpha Delta society, also belongs to the Anoma class of the Baptist church. Through her amiable disposition and gracious manner she has won a wide circle of friends who will extend heartfelt congratulations.

The groom is the son of Mrs. Anna Kopp of Litchfield and attended the public schools of that place. He came to Jacksonville about a year and a half ago and has been employed as clerk, both at the Pacific and Dunlap hotels. He is a young man of wide acquaintance, jovial disposition and commands the respect of all who know him.

Following the ceremony a wedding dinner was served, Mrs. Rexroat being assisted by her daughter, Mrs. Frankenberg. Cutting the wedding cake afforded no little amusement and the thimble was secured by Miss Sarah Frankenberg and the ring by the bride. Miss Amelia Immenga of Litchfield, a sister of the groom, was among those who attended the wedding. The young people will reside for a short time at the home of the bride's mother on West College Ave.

Hundreds of new little novelties, suitable for inexpensive graduating gifts, are now displayed on our counters.

F. J. WAIDELL & CO.

PLAN NEW RAILWAY LINE.

Dickinson, N. D., May 7.—Under the auspices of the Commercial club of this city a big mass meeting was held here today in the interest of the project of building a new railroad line from here to Mott. Governor Hanna and many prominent citizens from various parts of the state were in attendance and enthusiastic speeches in favor of the project were delivered.

Expert railroad engineers say the route is so easy and the grades are so slight that the line can be built for \$10,000 per mile. There would be no bridges of any importance. By running the line to Mott much trade south of here can be retained for Dickinson. Connection can be made at Mott with the Milwaukee road and that will give another direct line to the twin cities and other eastern points and give Dickinson wholesalers and jobbers competitive rates.

Get a guaranteed boy's suit at Garland & Co.'s, they are better and cost no more.

ARRANGING TOUR FOR DELEGATES.

Arrangements for the tour of the city by delegates to the Mothers' congress are being made by Charles R. Knollenberg, chairman of the transportation committee of the Chamber of Commerce. Already fourteen owners have donated the use of their cars for the trip, but that is not near enough to accommodate the visitors and any owner who wishes to donate the use of their cars are requested to call either phone 132. The cars are to meet at Illinois college this afternoon at 5:30 o'clock and among those who have offered the use of their cars are T. M. Tomlinson, G. B. Andre, Frank Byrns, J. J. Reeve, F. E. Farrell, E. E. Crabtree, T. H. Buckthorpe, Nelson McMurphy, H. M. Andre, David Estaque, J. S. Hackett, R. T. Cassell, E. P. Brockhouse, George Wolke and J. A. Obermeyer.

Garland & Co. are showing the largest line of bags, suit cases and trunks in the city.

APPEARED BEFORE COMMITTEE

In Springfield Wednesday Dr. F. P. Norbury and Dr. Edward Bowe appeared before a joint committee of the legislature to present arguments in favor of the registered nurses bill. At the afternoon hearing on the public utilities bill Dr. Bowe was the first speaker and made clear the feeling that residents of the city the size of Jacksonville have. There was a large representation of citizens from all parts of the state present to make protests at the afternoon session and at night there were still more in attendance. The opposition to the utility bills is such that they are not likely to have favorable action at this session.

WE CAN SAVE YOU MONEY ON THAT SPRING HAT. FLORETH'S.

VISITORS IN CITY

TO ATTEND "MAY DAY."

Relatives of Miss Celia Cathcart, the May Queen, who were in the city yesterday to attend the exercises, were her parents, Mr. and Mrs. W. D. Cathcart, her uncle and aunt, Mr. and Mrs. John C. Cathcart, and daughter Josephine. They drove to the city in their automobile from Sidel, Ill.

All the new styles in straw hats can be found at Garland & Co.'s.

MISSOURI POSTMASTERS MEET.

St. Louis, May 7.—The Missouri Association of Postmasters opened its annual convention here today with an unusually large number of members in attendance. Postmasters of this state, who wished to attend, were granted leave of absence not to exceed five days, for that purpose. The convention will close tomorrow.

"IF A DOG BITTS YOU."

Chief of Police Davis Points Out Article Which Declares that Madness in Dogs is a Rare Disease Indeed.

During recent weeks a number of cases of alleged "mad dogs" have been reported. There has been some doubt about the genuineness of the "rabies" and Chief of Police Davis has called attention to the following suggestions which appeared some time since in a well known paper under the heading "If a Dog Bites You."

Although very few per cent of the dogs that bite people are "mad"—this is, afflicted with hydrophobia you should take no chances, but call in a doctor.

Not every bite from a dog suffering from hydrophobia is fatal, or dangerous, because in biting through clothes the poison in the saliva on his teeth may have been wiped off on the cloth through which he inserted his teeth. And while all this is comforting to know, no chances should be taken. Call a doctor and he will cauterize the wound. This is the first thing to do and the first thing the doctor does.

A doctor can do this without inflicting very much pain, but if a doctor is not available for quite a while the victim or some friend can do it for him with a hot poker or curling iron. This should not be done by an amateur unless absolutely necessary, as it is a most painful operation under such circumstances.

Actual madness in dogs is a rare disease. Many dogs are not suffering from rabies at all when they bite people, but are merely ill, frightened or teased, or worried into desperation. Many a mongrel is kicked about, suffering with thirst and the heat, and finally jumps at and bites some one.

Then the mad dog scare results. Some are foolish enough even in this enlightened age to believe that by shooting the dog that bites the victims will be saved.

A dog actually suffering from rabies acts entirely different from his natural self. His disposition is entirely changed. He may have been a most affectionate creature, but when suffering from rabies will run after and bite those he loved best. He is sulky, suspicious, snarling and later when the attack has grown he goes into a corner and lies curled up, with blood-shot eyes rolling, mouth frothy, tongue hanging and finally becomes more or less paralyzed. But do not go near such a dog, even then, as he is apt to have fits of slight recovery and reach out and snap at any one, frequently biting them if he get close enough.

Dog bites on the hands are dangerous because if the dog was really reached, while bites on the face are even more dangerous on account of the great blood supply there. Hydrophobia is so frequently fatal when developed and the sufferings are so terrible that no chances should be taken.

It is important to prove whether the dog is really suffering with rabies. There are two ways. One is to keep the dog alive under observation, the other is to kill the dog and send his head, packed in ice to the health department, where a diagnosis can be made at once by microscopic examination of the brain.

Never allow a dog that has bitten you to escape or be killed and lost sight of. Of course, if it is found the dog was suffering with rabies the victim must begin at once the Pasteur treatment, either at a department of health or by one's doctor at home or at a Pasteur institute, of which there are more than a score in this country to day. As far as known, the Pasteur treatment is the only cure.

Delico Pudding Sauce

The following is a very delicious sauce for plum pudding, cottage or steamed pudding fruit dumplings, etc.

- 1 cup sugar, (maple or light brown)
- 1-2 cup butter
- 2 eggs (or one)
- 1 cup milk (if 1 egg use 3-4 cup)
- 1 cup Welch's Grape Juice.

Cream butter and sugar together; add the beaten eggs, stir well and add the milk, then the Welch's Grape Juice. Pour into a pitcher which will set into the top of a teakettle, or heat in a double boiler; stir frequently until hot and well blended.

Welch's, the Original Grape Juice,
Has No Equal:

BEAUTIFUL EXERCISES HELD AT WOMAN'S COLLEGE.

Three Thousand People Witness Excellent Program Given By Young Ladies of Institution—Grand May Pole Dance a Feature—Miss Mona Summers, Maid of Honor.

No lovelier time could have been chosen than yesterday afternoon for the annual May day exercises of the Illinois college, which were held on the college campus and witnessed by three thousand people; Miss Cella S. Cathcart of Sidell, Ill., was crowned queen of the May and the program was concluded with a lantern drill of especial beauty.

The campus had been amply prepared for the event, and the bright sunlight on the green turf and leafy trees, together with the bracing atmosphere, and above all the youth and beauty of the college girls, lent a charm to a waning May day that will not soon fade from the memory of those who were privileged to attend.

It was decided by the management this year to commence the exercises at 6 o'clock, which was later than has been the rule heretofore. As early as 5 o'clock the guests began to arrive and occupy the seats which had been provided. The seating arrangement was the best the college has had and the grounds where the exercises took place had been topped off so that there was no interference from the crowd. While all the reserved seats were occupied and hundreds lined the grounds on every side, everything was most orderly and the goodly number of men who acted as officials of the day handled the people in a splendid manner. The fine condition of the roads made it possible for many to attend and a large number of automobiles were in evidence, many of them coming from a long distance.

Music for the afternoon was furnished by students and members of the faculty of the College of Music and part of members of the Harold Johnson orchestra, all under the leadership of Prof. Max Swarthout, director of the College of Music.

The Grand March.

At the first sound of the orchestra the grand march was commenced, participated in by 200 girls in line. They formed diamonds, compact circles, letters I. W. C. and then formed a double line and knelt while the queen's party passed to the throne, which had been constructed at the south end of the campus, prettily decorated with flowers and potted plants. On the throne were seated Miss Jessie Campbell of Yorktown, Ind., the queen of last year with her party, Miss Millicent Rowe of this city, who was queen two years ago; Miss Helen Moore of Raymond, who was maid of honor last year, and Miss Emily Jane Allen of Winchester and Miss Nina Slaten of Grafton.

The queen and her party lent a most imposing scene as they marched down the long rows of girls in kneeling posture. The color scheme of the party was yellow and blue, the college colors.

yellow flowers on a foundation of green and with the posts of the canopy wrapped in blue.

The canopy bearers were Ruth Harker of Jacksonville, Madeline McDaniel of Athens, Ala., Mary Fowler of Fithian, Ill., and Mildred Barton of Jamaica, Ill. They wore pure white dresses without any color.

Three of the ladies in waiting, Miss Elizabeth Tendick of Canton, Miss Frances Frazee of Rushville, Ind., and Miss Lucile White of Russellville, Ark., wore blue gowns and the other three, Miss Hallie Clemm of Christopher, Miss Ida Perry of Kansas City and Miss Irene McCullough of Winchester, wore yellow. They carried leghorn hats filled with blue and yellow flowers.

MISS MONA SUMMERS.
(Who was voted as maid of honor by student body.)

The coronation of the queen's party was attended by impressive ceremony and from the throne they witnessed the drills and dances.

The Various Drills.

The first drill was a rainbow fantasy. Fourteen young ladies, carrying scarfs, represented the dance of the moon-beams, the revel of the fairies and the spirit of night, closing with rainbow pictures and spectacular drill.

The wreath drill was given by 44 girls, using hoops, half of them covered with pink flowers and the other half with blue. Various arm movements were used in the exercises. They finished in two large circles in which they did grand right and left motions and exchanged the hoops. This latter is an extremely difficult figure and was cleverly executed.

The next number was the dance of the elves which consisted of a dainty march with large yellow chrysanthemums and blue balloons. They represented twenty elves at play in a wood at night. It introduced the fancy steps "lances and grans" and "gnome." It was concluded with the forming of a banquet as an offering to Aurora and the scattering of elves and balloons at the approach of dawn. The balloons which floated high and to the west occasioned hearty cheering from the crowd.

May Pole Dance.

The May pole dance was most beautiful and graceful in detail and was a feature of the entertainment. Three poles were used for this exhibition, one large one and two smaller ones. Seventy-six girls were required in the drill, twelve of whom held the canopy over the dancers. The girls at the center pole braided the streamers and at the other two poles wound them around the pole.

The last number was the Japanese lantern drill in which there were 100 girls carrying the lanterns, attached to long poles. They first gave a difficult spider web figure, then formed stars, large circles and wheels and then formed in two lines to escort the queen's party from the grounds. As the procession started from the campus a bright artificial light was thrown over the grounds which presented a most pleasing sight. The entire exercises consumed an hour and a half.

The May Queen.

Miss Cella S. Cathcart, who was crowned queen of the May is a sophomore in college and a resident of Sidell, Ill. The May queen is chosen by the student body, who takes into consideration in voting not only beauty but popularity. That Miss Cathcart measured up to these requirements was evidenced from the large number of votes she received. Miss Cathcart is certainly a charming girl and the students made no mistake in conferring the honors upon her. She filled the position in a stately manner and was showered with many compliments. She is the seventh May queen to be crowned and is interested in many departments of college life, being president of Phi Nu literary society.

Maid of Honor.

Miss Mona Summers of Christopher, Ill., as maid of honor was chosen also by the student body. She received the highest number of votes next to Miss Cathcart, and, according to a custom was awarded the position. She is a strong student with a splendid record and is also popular among the college girls. She is a sophomore, president of her class and is recording secretary of Belles Lettres society.

This is the second time that Miss Ida M. Evans, the physical director, has had charge of the May day exercises and her skill and experience have made her very successful. She was assisted by Miss Editha Parsons, assistant in the department of expression, whose rhythm classes composed largely from expression department, gave the dance of the elves and the rainbow fantasy. The rhythm work was most attractive and showed careful training. Miss Weaver also took a prominent part in making the arrangements of the day and assisting in all departments and too much praise cannot be given these members of the faculty. The college fee's most grateful to all the friends who lent a kindly hand in making the day a big success.

Take advantage of the remarkable offerings in suits, coats and wool dresses at a reduction right now of 25 per cent at Herman's, the reliable Jacksonville merchant.

NORFOLKS are the leading favorite in suit models this season; and our styles are especially smart; new weaves and patterns.

HART, SCHAFFNER & MARX

have designed some very snappy Norfolks for us. \$25 gets a beauty; some more, some less.

MANUFACTURERS TO MEET AT DETROIT.

Eighteenth Annual Convention of National Association of Manufacturers, May 19, 20, 21. Will Present Many Notable Features.

An interesting indication of the desire on the part of manufacturers for a better knowledge of industrial conditions in other communities than their own is given in the action of the National Association of Manufacturers in holding its annual convention this year, May 19, 20, 21, at Detroit, Mich. This organization, composed of 4,000 of the largest firms in the country, has in recent years held its annual sessions at New York, the importance of its discussions and the prominence of its speakers attracting in attendance of approximately a thousand representatives of large employers throughout the United States. At the convention in New York last year strong representations were made to the board of directors that the interests of the organization would be promoted and greater opportunities afforded the individual members for acquainting themselves with up to date developments along the line of their own industries if the plan were adopted of holding the annual sessions in different parts of the country. While urgent applications were received to hold the 1913 convention in various cities, Detroit was selected on account of its geographical position, its proximity to the great manufacturing states of the middle west, its variety of manufactures, and its natural attractions as a convention centre and its ability to entertain large bodies of delegates.

Some line of soft shirts Garland & Co. are showing.

REMAINS SENT TO CHICAGO.

The remains of Andrew J. Smith, who died at Passavant hospital, were sent to Chicago Wednesday at noon via the Chicago & Alton for interment.

THE TEMPERATURES.

The temperatures for Wednesday, according to G. H. Hall, weather observer at Alexander, were, maximum 69 and minimum 37. A light frost was recorded.

Minneapolis, May 7.—Henry Beck aged 22 years shortly before midnight tonight shot his wife and seven months old son and committed suicide. The baby may die. Mrs. Beck could give no reason for her husband's act.

Richmond, Cal., May 7.—Charles Erickson was arrested today by the police on a charge of beating his wife to death. He body of the woman was found in the Erickson home with her chest crushed in and showing other evidences of having been horribly beaten.

STATISTICS OF CITIES

Census Report of Financial Statistics of Cities Having An Estimated Population of Over 30,000 in 1911.

Washington, D. C., May 7, 1913.

A preliminary statement of a special report on financial statistics of the 193 cities having an estimated population of over 30,000 was issued today by the director of the bureau of census, department of commerce. The report covers the transactions of the calendar year 1911 or the fiscal year closing on other dates prior to February 1, 1911. The statement was prepared under the direction of Le Grand Powers, chief statistician for finance and municipal statistics. It is based upon the preliminary tabulation for the year, and the figures are subject to the minor corrections that will be embodied in the final report.

The statement shows that in the year covered these 193 cities had the following revenue receipts, payments for costs of government, indebtedness, and receipts and payments on account of indebtedness:

Revenue receipts, total	\$804,888,228
From the general property tax	480,349,190
From public-service enterprises	85,163,030
From other revenues	233,121,706
Payments for costs of government, total	928,211,013

Expenses (or costs of operations), total

Expense of public-service enterprises	36,075,962
Other expenses	474,731,955
Interest	100,722,561
Outlays (or costs of permanent properties and public improvements)	316,680,535
Indebtedness (with-out deductions for sinking funds):	
Amount outstanding at close year	2,635,852,148
Amount incurred during year	568,087,210
Amount discharged during year	380,611,735

This total includes receipts for seven cities not presented in the three items which follow. The preliminary statement includes figures corresponding to the foregoing for each of the 193 cities covered by the report.

The corresponding tabulation for the year 1910 covered 184 cities. Those cities for the fiscal year 1910 reported revenue receipts aggregating \$759,942,445, while for the year covered by this latest statement they were \$799,130,719 for the same cities. The payments for costs of government of these 184 cities in 1910 were \$855,599,192 and in 1911 \$921,242,802, showing an increase in the year of 7.7 per cent. The indebtedness of the 184 cities at the close of the fiscal year 1910 was \$2,423,977,928, and one year later it was \$2,618,107,501, showing an increase of 8 per cent. The figures show that, taken as a whole, the cities are increasing their payments for costs of government (including outlays) faster than their revenues, and as a result are increasing their indebtedness even faster.

JUNIOR TEAMS IN ACTION.

The Illinois Juniors defeated the Baptist church Sunday school team in a game of baseball yesterday by a score of 9 to 8. The batteries were Farre II and Sharp, Williamson and Henley.

QUARTERLY MEETING.

Quarterly meeting will be held at the McCabe M. E. church this evening at 8. Dr. R. E. Gillum of St. Louis will preach. Every member and officer should be present. All are cordially invited to come. A. E. Miller, pastor.

UNIVERSITY OF ILLINOIS NOTES.

For Permanent Agriculture.

The enrollment in Dr. Hopkins course of soil fertility is 147, which is an increase of 58 over last year. On account of this large enrollment it became necessary to equip another laboratory.

Percherons in Illinois.

Illinois ranks first in the production of Percherons. The census gives the state second place in number and value of horses. McLean, LaSalle, Livingston, Iroquois, Tazewell and Will are the first six counties and rank in order named," said Wayne Dinsmore, secretary of the Percheron Society of America in an address at the University of Illinois before the students of animal husbandry, who are taking a course in the "Feeding and Management of Horses." Mr. Dinsmore's address was instructive and very interesting.

Prof. D. J. Andronescu, professor of agriculture and official representative from Roumania, is at the university to study "Maize." He will remain here one year to make a comprehensive study of corn, when he will go into the western states for a year's study of dry farming and conditions. After completing work in the west he will go to Japan, where he will study the agriculture of that country.

Prof. Andronescu owns and operates 8,000 acres of land in his native country and is vitally interested in improving agricultural conditions by his study in America.

Home Projects for School Agriculture.

The above is the title of a new circular just issued by the agricultural college extension department; the author is Assistant Professor A. W. Nolan.

There are twelve projects outlined that are considered practical for the boys and girls in our public schools. The first three of these are "Poultry Raising," "Home Dairy Work," and "How to Raise a Litter of Pigs." The purpose is outlined as follows: "It is for the purpose of making as practical as possible some of the principles of scientific agriculture for the boys and girls of the public schools, that the following home projects are outlined in detail. At the beginning of the course in agriculture, whatever text book may be used or course of study pursued, each student in the class should choose one or more of the projects and carry it through to the end of the course or until the project is well worked out. This should be done in addition to the regular schoolroom work in agriculture, and credit for the whole course should not be given until the student has completed his project to the satisfaction of the teacher."

Alfalfa on University Farm.

The dairy department has thirteen acres of fine alfalfa that presents an interesting problem. It was seeded in August, 1911 and went through the severe winter following in good shape, while alfalfa in the same field was frozen out. No line has been able to say with certainty why this thing happened as it did.

The question of the proper time of seeding alfalfa and the proper method of cultivation are not yet settled by any means. The dairy department have two other fields that are interesting to contrast. One of 27 acres was seeded in the spring of 1912 (April 29). It was seeded with barley, in-half bushel to three pecks of barley to about twenty pounds of alfalfa. The other field of sixteen acres was seeded in August, 1912. It looks a little better, but probably has not as strong a root as the 27 acre field. The spring seeding has more weeds, which presents a difficulty.

LICENSED TO MARRY.

Walter Scott Miller, Petersburg; Myrtle G. Norris, Chancellersville.

GREAT SPEED EVENTS.

Carnival of Auto and Aeroplane Races Next Week Promises to Be a Great Event.

The two days' attraction offered for Jacksonville on May 14th and 15th at the Trotting park, will be one of the greatest speed carnivals that has ever been held in this vicinity. Among those who are coming to enter in the automobile, motorcycle and aeroplane races are: W. W. Brown, the famous driver, who is holding the one and five mile speed record on a circular track. He is to drive the Marquette-Buick racing car. Speedy Kinell has entered his Apperson Jackrabbit, the car that he won the 100 mile race at Santa Monica race track. The Ford racing car will be piloted by A. Harper. The Warren Detroit will be driven by Dick Siebring, and the big National racing car will be driven by Ed. Garden.

The racing cars and the drivers will arrive in Jacksonville at the end of the week, and immediately on their arrival will begin to practice on the local speedway and get their racing machines in readiness for the two days' racing.

"This is going to be a three ring carnival of speed and daring; one mile wide and three miles high," declared Manager Friedman, who is promoting the event. "There will be none of the so-called scientific demonstrations. The spectators demand spectacular flying and speedy races, with real nerve-acking thrills. The people who pay their admissions are no longer satisfied with tame flying or ordinary air stunts. This meet will not be a cut and dried affair but will be what we claim, a three ring circus on the land and in the air. Action is the by-word of the management and for two hours races and thrill producing stunts by the famous aviators and noted automobile and motorcycle drivers will take place. The events will be pulled off without any delays and owing to the large number of events on the program, the performance will commence at 2:30 sharp on both days."

DURBIN.

The Durbin W. F. M. S. observed thank offering last Sunday. Miss Vella Oxley and Miss Katharine Kettle sang a duet, the words of which were written for the occasion by Mrs. Kettle.

Born, to Mr. and Mrs. John Ebrey, Sunday, May 4, a son. Miss Etta Robson spent Sunday with her mother.

Geo. Oxley ran a nail into his foot and has been going to Franklin for treatment. Mrs. Lavinia Scott entertained the W. F. M. S. on Wednesday and the Misses Scott will entertain the Willing Workers on Thursday. Mrs. Janie Criswell entertained the Homemakers' Scientific Circle on last Friday. A very enjoyable session was held.

GREAT RECORD WITH DISCUS.

Bruce Bird, a brother of Mrs. Arthur G. Cody of this city and who was at one time employed in Smith's hardware store on the south side of the square, recently took part in the tenth annual athletic meet of the Knox county high schools. He won the discus throwing contest by casting the discus a distance of 111 feet and 8 inches, breaking the local record in similar contests.

LEAVES TODAY FOR OMAHA.

Ed C. McClure, Jr., leaves today for Omaha, Neb., to take up his duties in advance of the Lewis Stock company. Mr. McClure has been in the city the past two weeks with his mother, who is a patient at the Passavant hospital. Mrs. McClure is now getting along splendidly.

ILLINOIS NEWS NOTES.

Pulmotor for Joliet—According to the Joliet News a human life was lost in that city last Saturday, largely because of the delay of bringing a pulmotor there from Chicago. To avert further tragedies of a similar character, it is understood the officials of the public utility corporations there will get together this week and arrange for the purchase of a pulmotor, which will be installed at the Joliet police station.

Peoria Revenue Collections—The internal revenue collections for the Peoria district on Tuesday were reported from the collector's office there as \$93,324.97.

Bishop Janssen's Condition Improved—The condition of Bishop Janssen of Belleville is reported somewhat improved. Bishop Janssen first suffered a heart stroke two weeks ago. He rallied and showed marked improvement later but he is still a very sick man.

The Smallest Baby—A baby full developed and weighing seven and one fourth ounces was born to Mr. and Mrs. H. Russell of Mattoon. The child is one of twins and the other one died. The child is said by physicians to be the smallest fully developed child that ever lived after birth.

Monument to McLean County Soldiers—A monument to the dead soldiers of McLean county has been erected in Miller park at Bloomington and will be dedicated on Memorial day with appropriate ceremonies. Former Governors Eifer and Deenen and probably former Senator Cullum will be present and Governor Dunne is also expected to attend. The committee has ordered several thousand badges, suitably inscribed to be worn by all the old soldiers taking part in the exercises and also members of all patriotic societies. This badge will have at the top a button containing a picture of the county's \$50,000 monument.

Loses Burial Robes in Fire—Mrs. Sarah Dawdy, aged 80, of Shelbyville, Ill., lost her burial clothes which she had just finished, when her house was burned this morning. She accuses her husband with whom she had fallen out, of setting fire to the house. She is now trying to find evidence to secure his arrest. He is 85. The couple were married three years ago.

Car Seat for Every Chicago Passenger—No more passengers may be admitted to a street or elevated railroad car in Chicago than can be provided with seats, according to an ordinance unanimously passed by the Chicago council. By the same bill news stand, fruit stand, gum vending machines and bill boards were ordered immediately removed from elevated railroad stations.

Decatur to New Orleans by Boat—Harry Norton and Leslie Hubbard of Decatur have started from that city in a sixteen foot steel motor boat and will travel all the way to New Orleans. Their course will take them along the Sangamon, Illinois and Mississippi rivers. No haste will be made and the young men expect to journey up and from New Orleans to occupy them until early winter. The men are not carrying any extra supplies of any sort. The boat containing a couple of guns, blankets, fishing tackle without poles, provisions, a couple of lanterns and an axe and a spade. On the way down stops will be made along the route for butter, bread, eggs and other supplies.

QUICK RELIEF FOR RHEUMATISM.

George W. Koon, Lawton, Mich., says: "Dr. Detchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began to use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by L. P. Alcott, druggist.

PSYCHOLOGY AND JOBS.

Are you looking for a job as motorman? Prove your ability by psychology. Will you make a good chauffeur? Submit to a mental test and find out. Would you be a successful telephone operator? You will save the company's time and your own by undergoing a psychological examination to determine your fitness for the position. Psychology plays a prominent part in the various plans for vocational guidance currently reported to the United States bureau of education, by means of which scientists hope to devise ways of measuring people with regard to their qualifications for certain kinds of work.

Dr. Leonard P. Ryres of the Sage foundation, has just summed up a number of psychological tests for positions actually put into practice in modern industry. Thus the American Telephone and Telegraph company engaged Prof. Munsterberg to introduce a test for determining which applicants were likely to prove good telephone operators. The girls were examined with reference to "memory," attention, general intelligence, space perception, rapidity of movement, accuracy of movement, and association." The results showed that the girls who qualified in the tests were the most efficient in practical service, while those who stood at the foot of the list failed later and left the company's employ.

Prof. Munsterberg has also tested street car motormen by elaborate apparatus, with a view to selecting those least likely to be responsible for accidents. As a result of his experiments he came to the significant conclusion that the application of such a test on motormen would result in the rejection of about 25 per cent of those now employed.

Mr. S. E. Thompson used "reaction-time tests" in selecting girls for the work of inspecting for flaws in the steel balls used in ball bearings. The final outcome was that 35 girls did the work formerly done by 120; the accuracy of the work was increased 66 per cent; the girls' wages were doubled; the working day decreased from 10 1-2 hours to 8 1-2 hours; and the profits of the factory increased.

Another set of psychological tests aims to select positions for persons, rather than persons for positions, but not much has really been done in this field. The difficulties in the way of both kinds of tests may be inferred from the fact that there are something like 10,000 separate kinds of gainful occupations in the United States.

Dr. Ayres sees great possibilities in psychological tests for choosing the right persons for jobs. He says: "When the best possible adjustment shall have been attained between work and workmen, each one will have his full opportunity to achieve at least something for commonwealth and commonweal. The task of the world will be better done and the workers will receive greater rewards, deeper joy, and fuller satisfaction in their doing."

PROBATE COURT.

Estate of Edward Flood, deceased. Final report approved. Estate of Mary A. Groves. Claim of Sarah Groves for \$2,661.91 allowed. Estate of Lottie Guthrie, deceased. Final report approved and estate declared closed. Estate of Nancy E. Harley. Petition for probate of will. Hearing set for June. Estate of Maggie Ralston, deceased. Report approved.

TO ATTEND FUNERAL.

Mrs. S. O. Shuff and Mr. and Mrs. A. H. Atherton left Wednesday for Pleasant Plains to attend the funeral of Mrs. George Fink. Mrs. Fink was formerly Miss Rebecca Hayes and at one time was a student of the Woman's college.

Rheumatic Blood is Whole Story

Sciatica, Lumbago, and Dreaded Articular Rheumatism Cured.

You Will Feel Like an Acrobat After Using S. S. S.

There is a host of pills, powders, tablets and what-not for rheumatism, but they all lack the first essential to being a natural medicine. To begin with, rheumatism is simply a name given to designate a variety of pains, and can only be reached by irrigating the entire blood supply with a naturally assimilable antidote. True, the pains may be eased with narcotics or the acids may be neutralized for the time being. But such methods merely temporize and do not even lead to a cure. There is but one standard rheumatism remedy, and is sold in all drug stores under the name of S. S. S. It contains only pure vegetable elements and is absolutely free of mercury, iodine or potash or arsenic, and has proved a wonder for every form of rheumatism.

The recoveries of all types of rheumatism by the use of S. S. S. is a fine tribute to the natural efficacy of this remarkable medicine. For it is assimilated just as naturally, just as specifically, and just as well ordered as the most acceptable, most palatable and most readily digested food. Do not fail to get a bottle of S. S. S. to-day. You will be astonished at the results. If your rheumatism is of such a nature that you would like to consult a great specialist confidentially, write to The Medical Dept., The Swift Specific Co., 127 Swift Bldg., Atlanta, Ga.

HOW MRS. BROWN SUFFERED

During Change of Life—How Lydia E. Pinkham's Vegetable Compound Made Her a Well Woman.

Iola, Kansas.—"During the Change of Life I was sick for two years. Before took your medicine I could not bear the weight of my clothes and was bloated very badly. I doctored with three doctors but they did me no good. They said nature must have its way. My sister advised me to take Lydia E. Pinkham's Vegetable Compound and I purchased a bottle. Before it was gone the bloating left me and I was not so sore. I continued taking it until I had taken twelve bottles. Now I am stronger than I have been for years and can do all my work, even the washing. Your medicine is worth its weight in gold. I cannot praise it enough. If more women would take your medicine there would be more healthy women. You may use this letter for the good of others."—Mrs. D. H. BROWN, 809 N. Walnut St., Iola, Kan.

Compound and I purchased a bottle. Before it was gone the bloating left me and I was not so sore. I continued taking it until I had taken twelve bottles. Now I am stronger than I have been for years and can do all my work, even the washing. Your medicine is worth its weight in gold. I cannot praise it enough. If more women would take your medicine there would be more healthy women. You may use this letter for the good of others."—Mrs. D. H. BROWN, 809 N. Walnut St., Iola, Kan.

Change of Life is one of the most critical periods of a woman's existence. Women everywhere should remember that there is no other remedy known to so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Use TIZ— Smaller Feet

Sore Feet, Tender Feet and Swollen Feet Cured Every Time by TIZ.

Send at Once for Free Trial Package.

Everyone who is troubled with sore, sweaty, or tender feet—swollen feet, corns, calluses or bunions can quickly make their feet well now. TIZ makes sore feet well and swollen feet are quickly reduced to their natural size. Thousands of ladies have been able to wear shoes a full size smaller with perfect comfort. K. H. Cheney, Grundy Center, Iowa, says: "I put on a new pair of shoes the first of the week and have worn them every day since. I could never do this before using TIZ, and they are a half size smaller than I have been wearing." TIZ is the only foot remedy ever made which acts on the principle of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleanses them out and keeps them clean. It works right off. You will feel better the very first time it's used. Use it a week and you can forget you ever had sore feet. Even if you should let yourself be fooled into taking a substitute for TIZ, you can't fool your feet. TIZ is for sale at all drug stores, department and general stores, 25 cents per box, or direct if you wish. Money back if TIZ doesn't do all we say. For a free trial package write today to Walter Luther Dodge & Co., Chicago, Ill.

RHEUMATISM QUICKLY CURED.
"My sister's husband had an attack of rheumatism in his arm," writes a well known resident of Newton, Iowa. "I gave him a bottle of Chamberlain's Liniment which he applied to his arm and on the next morning the rheumatism was gone." For chronic muscular rheumatism you will find nothing better than Chamberlain's Liniment. Sold by all dealers.

CLEAN UP.

Everybody cleans house in the spring. Why not clean up the yards and the alleys adjacent to your property. Jacksonville will have several conventions here within the next few weeks. The city is doing its part in the work of cleaning up. Why not help us. Every city in the state at the present time has a house cleaning week. Jacksonville should have one. I therefore set aside the week of May 5 for a general house cleaning and would ask all citizens to take part in it and make it a success. The department of streets and public improvements will furnish teams to haul away your refuse if it is placed in a convenient place and a notification sent to O. H. Spaulding, superintendent of streets.
George W. Davis,
Mayor.

The Texas Wonder cures kidney and bladder trouble, removes gravel cures diabetes, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1.00. One small bottle is two months treatment and seldom fails to perfect a cure. Send for Illinois testimonials. Dr. W. E. Hall, 2925 Olive street, St. Louis, Mo. Sold by druggists.

MISS WARFIELD WEDS COUNT.

Baltimore, May 7.—Another matrimonial alliance of an American girl and a titled foreigner was contracted in this city today, when Miss Louise Warfield, daughter of former Governor Edwin Warfield and Mrs. Warfield, became the bride of Count Vladimir Ledochowski of Poland. The ceremony was quietly performed at the home of the bride's parents. Only the relatives and a few intimate friends of the contracting parties were in attendance.

Count Ledochowski's family is one of the oldest and most prominent of the Polish aristocracy, and is allied to many of the great houses of Europe. The count is an only son and will inherit his father's title and large estates. Miss Warfield first met the count in Peking, China, while she was on a tour of the world with her brother, Edwin Warfield, Jr. The young people were introduced at an entertainment at one of the foreign embassies. As Miss Warfield did not speak Polish and the count could not speak English, their acquaintance and courtship were carried on in French, in which language both were proficient.

The count will take his bride to a wonderful castle, centuries old, at Woloschisk, situated in a beautiful part of Poland, half way between Vienna and Warsaw, and about twelve hours by train from each.

Cure for Stomach Disorders.
Disorders of the stomach may be avoided by the use of Chamberlain's Tablets. Many very remarkable cures have been effected by these tablets. Sold by all dealers.

GIANTS HOLD EARLY LEAD AND DOWN REDS

BENTON WAS WILD AND HIT HARD.

Packard, Young Southpaw Who Relieved Benton, Pitched Wonderful Game After Third, Holding the Giants Without a Hit After That Inning.

New York, May 7.—New York again defeated the Cincinnati Reds today, the score being 6 to 4. Benton was wild and was hit hard. He was relieved by Packard, a young left hander who twirled a wonderful game after the third. The Giants did not get a hit off the youngster after that inning. Score:

The great calamity in Omaha was quickly overshadowed by the terribly disastrous floods in Ohio. Great suffering and sickness from colds and exposure resulted which Foley's Honey and Tar Compound helped to alleviate. L. Poole, 2217 California street, Omaha, writes: "My daughter had a severe cough and cold but Foley's Honey and Tar Compound knocked it out in no time. My wife would not keep house without it. We have used it for years, always with good results." For sale by City Drug Store, J. A. Obermeyer.

ON THE SIDE LINES.

(Continued from Page Eight)

the scores, that the teams are all pretty well matched. There is no pronounced weakling this year nor does any one team greatly outclass the other, unless, of course, the Highlanders be excepted. But at the rate the Chanceries played against Jennings' crew they can't be classed as nonentities any longer.

One reason for the Boston Reds poor showing is the fact that Joe Wood is unable to take his turn in the box. He has a bad thumb.

Griffith is in earnest when he says that his team is going to win the flag this time. He fears only the Athletics and only to a slight degree. Well, if his bunch can keep up the stride it has struck there will be reason for his confidence.

It took the Cubs to show Brooklyn that there were others. Now that the Dodgers have made their run they will probably proceed to drop gracefully into their proper place in the second division.

Roger Bresnahan was the hitting kid for the Cub team. With Archer on first and Roger catching there are mighty few stronger teams in the country than Evers' band. It will be sometime before Johnny goes back on the present combination. It looks like a winner.

Score another for the star battery of the Central Association. Dunn and Link, Frank Boyle is getting results out of his Muscatines and Bert Hough is making his Monmouth bunch keep right at the top. No one expected much of Kookuk, but Keweenaw is rather a disappointment. Pennington was thought to have a pennant winner. Begins to look as if he hadn't by a long shot.

President Lynch has fired Umpire Owens for being a visitor at a gambling resort. Who says the tone of the game hasn't been elevated? A few years ago gambling wasn't frowned upon like it is to day among the players. Some managers absolutely prohibit all manner of card games whatever. There's a reason, as Mr. Post has taught us to observe.

RUSH FOR NURSE LICENSES.
Dallas, Tex., May 7.—A much greater knowledge of medicine than ever before has been required will be necessary to become a licensed nurse in Texas after June 1. The plan received the unanimous support today at the meeting of the state board of nurse examiners. As it has been known for some time that this action would be taken, it was stated today that the applications for license had been fifty per cent heavier in the past few weeks. It is expected that a record number of licenses will be issued between now and the time of expiration of the old regulations.

CUBS STOP BROOKLYN'S WINNING STREAK

TAKE SENSATIONAL BATTLE BY
SCORE OF 4 TO 3.

Remarkable Fielding Feats on Both Sides Kept Down Runs—Bresnahan Knocks Out a Homer.

Brooklyn, May 7.—Chicago stopped Brooklyn's winning streak today, taking another sensational battle by a score of 4 to 3. Remarkable fielding feats on both sides kept down the runs, Cutshaw and Bridwell dividing the honors. The score:

THE PROPER COURSE

Information of Priceless Value to Every Jacksonville Citizen.

How to act in an emergency is knowledge of inestimable worth, and this is particularly true of the diseases and ills of the human body. If you suffer with kidney backache, urinary disorders, or any form of kidney trouble, the advice contained in the following statement should add a valuable asset to your store of knowledge. What could be more convincing proof of the efficiency of Doan's Kidney Pills than the statement of a Jacksonville citizen who used them and who publicly tells of the benefit derived.

Charles Godfrey, 235 S. Church street, Jacksonville, Ill., says: "All I said in 1909 praising Doan's Kidney Pills was correct. They did me a great deal of good and I advise their use in cases of weak back and other kidney troubles. Doan's Kidney Pills can be procured from Armstrong's Drug Store and are worthy of a trial."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

NOTICE OF SALE TO PAY DEBTS

Administrator's Sale.
State of Illinois

Morgan County.
In the County Court of Morgan County, to the April Term, A. D. 1913. In Probate.
In the matter of the estate of Louisa Johnson, deceased.
Frank J. Heintz as executor of the last will and testament of Louisa Johnson, deceased, petitioner, vs. Sandy Johnson, Birdie Jewell, Ruth Carter, Clifford Johnson, John Johnson and Oda Carter, defendants. Petition for the sale of real estate to pay debts. Order to sell real estate to pay debts. Public notice is hereby given that by virtue of the decretal order made and entered of record by said court in the above entitled cause on the 7th day of April, A. D. 1913, the said executor will, at the hour of 2 o'clock p. m. on Tuesday, the 13th day of May A. D. 1913, at the south door of the court house in the city of Jacksonville, in the county of Morgan, state of Illinois, offer for sale, and sell at public vendue to the highest and best bidder for cash, to pay the debts of said estate all or so much thereof as may be necessary to pay the debts due from said estate and the cost of administration now due and to accrue, the right, title, interest and estate which the said Louisa Johnson, deceased, had at the time of her death in and to the following described real estate situated in the county of Morgan, state of Illinois, to-wit:

Lot six (6) in J. W. King's second addition to the town (now city) of Jacksonville. Terms of sale, cash in hand on day of sale delivered to the purchaser until said sale has been reported to and approved by said county court of Morgan county.

Dated this 12th day of April, A. D. 1913.

Frank J. Heintz, As executor of the last will of Louisa Johnson, deceased.
Kerby, Wilson & Baldwin, attorneys for petitioner.

Want to Feel Young?

It's Olive Tablets For You!

Beware of the habit of constipation. It develops from just a few constipated days, especially in old people, unless you take yourself in hand.

Coax the jaded bowel muscles back to normal action with Dr. Edwards' Olive Tablets, the substitute for calomel. Don't force them to unnatural action with severe medicines or by merely flushing out the intestines with nasty, sickening cathartics.

Dr. Edwards believes in gentleness, persistency and nature's assistance.

Dr. Edwards' Olive Tablets oil the bowels; their action is gentle, yet positive. There is never any pain or griping when Olive Tablets are used. Just the kind of treatment old persons should have.

Take Olive Tablets mixed with olive oil and have no trouble with your bowels or stomach.

"Every little Olive Tablet has a movement all its own." 10c and 25c per box.

The Olive Tablet Co., Columbus, Ohio.

FALLING HAIR

Many People Have a Simple Way of Stopping It.

It was Dr. Sangerbond, of Paris, who first discovered that dandruff and falling hair were caused by a microbe.

And Now that Parisian Sage, the remedy that kills the dandruff germ is sold in every town in America. The clean people of this country have awakened to the fact that dandruff is unnecessary; that falling hair and itching scalp can be quickly stopped, and that people who use Parisian Sage will never grow bald.

To every reader of the Journal who wishes to eradicate disgusting dandruff, stop falling hair, and have an immaculately clean scalp, free from itching, we make this offer. Parisian Sage is sold by druggists everywhere, for 50 cents a large bottle. It is an ideal, daintily perfumed hair dressing, free from grease and stickiness, and will cause hair to grow lustrous and luxuriant. Sold and guaranteed by Coover & Shreve.

55-STORY BUILDING OPENS ON A FLASH.

Woolworth Skycraper Lights Up and Big Dinner Starts on Signal from White House.

The following account of the Woolworth Building in New York City taken from a New York paper was sent to the Journal by Miss Lucy Catlin.

President Wilson, from the white house, in Washington, gave the signal for the formal opening of the new Woolworth buildings last night, the tallest structure in the world, with the one exception of the Eiffel Tower in Paris. At 7:29, when the 900 guests who had been invited by the owner, Frank W. Woolworth, to a dinner on honor of the architect, Cass Gilbert, were seated at the tables on the 27th floor, a telegrapher of the Western Union, stationed there, notified the operator in the white house that all was ready for the president to press the button. One minute later President Wilson touched the instrument, closing the circuit, which caused a bell to ring in the banquet hall and in the engine room, 30 stories below, and immediately and for the first time lights flashed from every floor of the 55 stories, from the sub-basement, 37 feet below the street level, to the top of the tower, 792 feet above the street.

Professional and business men, the arts, science and literature, were represented in the gathering to make notable an enterprise costing \$13,500,000, and having its beginning in the investment of a few hundred dollars, all the outcome of a 5 and 10 cent trade.

A special kitchen and service had been installed for the occasion. It was probably the highest skyscraper dinner ever held in the world. Among the speakers who were seated at the Park Place and Broadway corner were F. Hopkinson Smith, the novelist, who presided as toastmaster; Frank W. Woolworth, the owner of the building; Cass Gilbert, the architect; Louis J. Horowitz, the builder; William Winter, the veteran writer and dramatic critic, and Patrick Francis Murphy. After the president had pressed the button, a toast was drunk to him and an orchestra played the "Star Spangled Banner."

F. Hopkinson Smith spoke for American enterprise, genius and skill.

Cass Gilbert, referring to the engineers' measurements of the building, said: "The reports of those engineers amuse me very much. If they are correct in their measurements the building must be lopsided and before I signed a last certificate for payment the builders should be made to straighten it up. But, seriously, there was no detail of this building that did not have Mr. Woolworth's attention. It is the work of many men and represents the loyal co-operation of many minds and in accepting this honor I do it for them as well as for myself."

"This building in the success of its owner shows that this is the land of equal opportunities; that a man may start with nothing and accomplish everything. It is not true that strife and unrest is the way to achieve, but that a man prospers by the good old virtues—thrift, industry and honesty. Our object was to make the building beautiful without losing any feature of usefulness. I believe that there is vitality enough in our art to meet the modern commercial needs, combining the practical with beauty and art."

"There is no financing of this building. Mr. Woolworth has paid for it all himself as he went along. His bankers told me that this building was unique here, and probably so throughout the country, for it stands today without a mortgage on it or a dollar of indebtedness."

This Interests Every Woman.

A family doctor said recently that women come to him thinking that they have female trouble, but when he treats them for their kidneys and bladder, they soon recover. This is worth knowing, and also that Foley Kidney Pills are the best and safest medicine at such times. You cannot get better purer medicine for backache, weary dragged out feeling, aching joints, irregular kidney and bladder action and nervousness due to kidney troubles. Try them. They are tonic in action, quick in results. For sale by City Drug Store, J. A. Obermeyer.

THE BIRTH RECORD.

Morn to Mr. and Mrs. Charles Audenamp, living near Chapin, a daughter.

Heart a Factor in Success.

The largest factor contributing to a man's success is undoubtedly health. It has been observed that a man is seldom sick when his bowels are regular—he is never well when they are constipated. For constipation you will find nothing quite so good as Chamberlain's Tablets. They not only move the bowels but improve the appetite and strengthen the digestion. They are sold by all dealers.

SUGGESTIONS FOR CLEAN-UP WEEK.

Keep your place, walks, gutters clean, and your neighbor will do likewise. You'll shame him to it.

Make your home a pretty place to live in and your garden a pleasure to look at by planting flowers, bushes and shrubs.

Ash heaps have no right in lanes, yards or alleyways. Report these to the committee or see they are removed yourself.

You can tear down those old sheds and fences that have served their time and use them for kindling.

Eight hours' work will go a long way toward putting your place in shape. Start today and put in two hours.

Take out old stumps, dead shrubs and limbs and either burn them or have them carted away.

Only on your regular garbage day will your refuse be carted away. See that you have it out on time.

These suggestions will mean death to dirt, disease germs and things unsightly if everybody helps.

Do it for Jacksonville.

GRAND OPERA HOUSE

H. L. HUNT, Manager.

A Real Theatre with Real Amusement

Today's Picture Program

Today's special feature is a Vitagraph dram in two parts entitled:

The Modern Prodigal

An inspiring photoplay depicting the career of a youth who after passing through the crucial tests of temptation and folly finally redeems himself from the fetters of vice and rescues his mother from poverty. A feature moralizing in character, up lifting in effect and touching in its human sentiment. You want to see this, you know you do.

A Leap Year Proposal

A Vitagraph punny philm. Take a tip from us you'll explode.

The Sheriff Pro Tem

A Melies story of the war upon moonshiners. Thrilling is right

A Dollar Saved is a Dollar Earned

An Edison drama that teaches you how to save.

Vaudeville Feature Tonight.

The vaudeville feature tonight will be Miss Irene Althene, a song and sketch artist of especial ability. Miss Althene will add greatly to the pleasure of the program tonight.

SPECIAL ORCHESTRA TONIGHT—Take notice that a special orchestra of twenty-four pieces will furnish the music tonight. A selected program of great excellence will be presented under direction of Harold Johnson.

A STRONG REFERENCE.
A young man recently applying for
a position with a large printing
house, and not having a letter of
reference, offered his bank book. It
showed a regularity of entries of de-
posit. It was a very strong recom-
mendation, indicating character and
persistence, which finally secured for
him a good position.

THE WORLD'S LATEST FINANCIAL AND MARKET NEWS

STOCK MARKET CLOSES
DISTINCTLY STRONG
UPSET FOLLOWS DAY OF MIX-
ED MOVEMENTS.
Bear Traders Attempt to Carry De-
cline Further at Opening But Are
Met by Determined Opposition
Which Brings Advance.
(By Associated Press)
New York, May 7.—After a day of
mixed movements, in which no well
defined trend was discernable, the
stock market became distinctly
strong in the final trading and closed
with substantial gains for many
of the important stocks. At the
opening of the session bear traders
attempted to carry further the de-
cline of yesterday. They were suc-
cessful in forcing down prices tem-
porarily, but later met with deter-
mined opposition which brought
about a smart advance. The demand
fell off on the rally, and movements
thereafter were uncertain until the
final outburst of buying which lifted
prices to the highest of the day.
Speculative interest again center-
ed in the Harriman stocks, whose
heaviness in the early trading was a
disturbing feature. Southern Pa-
cific broke to 3½, a new low price
since 1908. That stock and Union
Pacific were leaders in the late up-
turn, being helped by unconfirmed
reports that the Union Pacific man-
agement had arranged for quick
compliance with the supreme court's
dissolution decree, and that the dis-
tribution of Union Pacific's holdings
of Southern Pacific would be under-
taken by a syndicate already ar-
ranged. Weakness of stocks other
than the Harriman issues acted as a
drag on the market. New York Cen-
tral sold below par for the first time
since 1908. Several other issues
made new low records.

GOOD EXPORT SALES
STRENGTHEN MARKET
CLOSING WHEAT FIGURES SHOW
NET GAIN OF 1-8.
Early Weakness was the Outgrowth
of Continued Bearish Crop Condi-
tions—Speculative Buying Lifts
Corn.
(By Associated Press)
Chicago, May 7.—Good export
sales of wheat today gave strength
to a previously weak market. Clos-
ing figures showed a net gain of ¾c
for July and September, but May
was at a net decline of ¼c. Corn
scored a net uplift of ¼c to ¾c @
¾c. Oats finished at a net advance
of ¼c to ¾c, but rpviosions closed
irregular 2½c off to 5c up.
The change from weakness of
strength in the wheat market came
in the final hour upon reports of
large export sales. Early weakness
of the wheat market was the out-
growth of continued bearish crop
conditions in this country and be-
cause of improved Russian crop
prospects, which weakened foreign
markets. Primary wheat receipts to-
day were 703,000 bushels, last year
355,000. Seaboard clearances of
wheat and flour equalled 276,000
bushels.
Speculative buying lifted corn.
Reports that Argentine corn harvest
was hindered by rains was an addi-
tional bullish influence. Fears of in-
fluenza and influenza caused the upturn
noted in that market. Provisions, af-
ter a weak opening improved some-
what, being helped through the whole
list by large speculative buying of
September lard.

CHICAGO LIVESTOCK MARKET.
Chicago, May 7.—Close. Hogs.
Receipts, 28,000. Weak and 5 to 10c
lower. Light, \$8.20 @ 8.50; mixed,
\$8.10 @ 8.45; heavy, \$7.85 @ 8.40;
rough, \$7.85 @ 8.05; pigs, \$8.05 @
8.35; bulk of sales, \$8.35 @ 8.50.
Cattle—Receipts, 2,500. Steady.
10 to 20c lower. Calves, 25c higher.
Beef, \$6.75 @ 7.75; western steers, \$6.90 @

7.00; yearlings, \$6.35 @ 7.65; lambs,
native, \$6.40 @ 8.50; western, \$6.50
@ 8.60.

MINNEAPOLIS GRAIN MARKET.
Minneapolis, May 7.—After selling
early at new lows on this turn there
was a natural reaction in wheat.
Trading was only of moderate vol-
ume. May closed ¼c higher and Sep-
tember ¼c @ ¾c higher.
May opened 86½c; high, 86½c;
low, 86; closed, 86½c @ 86½c.
July opened 88½c @ 88½c; high, 88½c
low, 88; closed, 88½c.
Closing cash prices: No. 1 hard,
90c; No. 1 northern, 88½c @ 89c; to
arrive, 88 @ 88½c; choice to arrive,
89c; No. 2 northern, 86½c @ 87c;
No. 2 hard Montana, 84½c @ No. 3
wheat, 84½c @ 85½c.

PEORIA GRAIN MARKET.

At 9 O'clock

FORCED

Begins Tomorrow
Promptly
At 9 O'clock

\$50,000 Stock of Spring and Summer Suits, Coats, Dresses, Millinery and Outergarments for women and girls will be turned over to the mercy of the public for ten days.

Prices have been slashed to less than cost of production. This sale had to be, even though it comes right at the very start of the season. All the new goods just opened must be sacrificed in this sale. We could not help it.

When the public is turned loose among this magnificent stock of Ladies' Ready-to-Wear and Fine Millinery there will be some scramble, for the prices we have put on everything will cause a scramble. It had to be done. Every garment, every hat---everything in the store must be sold during the next ten days. So come early. Don't wait.

This Big Sale Opens Tomorrow

Clerks are busy rearranging stock so they can accommodate the crowds tomorrow. Be on hand early. Take your place at the door. (This is by far the biggest sale ever held at this time of the year. We must sell and sell fast for business reasons.

CONGRESS OF MOTHERS OPEN CONVENTION

MORE THAN FIFTY DELEGATES
ATTEND INITIAL SESSION

Excellent Addresses Heard at State Street Church—Acquaintances Gathering Held—Banquet tonight.

Over fifty delegates from out of the city were present at the opening session of the Fourteenth Child Welfare Convention of the Illinois Congress of Mothers at State Street Presbyterian church Wednesday evening at 8 o'clock. The Hospitality committee has secured entertainment for about twenty-five more who will arrive to day.

After opening prayer by Rev. Howard D. French the Congress was welcomed to Jacksonville by Secretary Fritchey of the Chamber of Commerce and President Rammelkamp of Illinois college. These addresses of welcome were responded to by the president of the Congress, Mrs. J. D. Doty of Chicago, after which the audience was pleasantly entertained by some instrumental selections by Messrs Swarthout and three vocal numbers by Miss Louise Miller of the College of Music of the Woman's College. Mrs. Mary Boomer Page, head of the Girl's Kindergarten association, of Chicago and president of the International Kindergarten union, gave the address of the evening, "The Duty of Society of the Young Woman." After this address, the delegates and local members were given an opportunity to meet one another in the Sunday school rooms. Light refreshments were served at this acquaintance gathering and a pleasant half hour was spent.

Secretary Fritchey welcomed the delegates in the name of the business men and fathers of Jacksonville. He paid a tribute to motherhood and said a word about the regard with which he holds his own mother. President Rammelkamp spoke of the appropriateness of this city for a session of the Mothers' congress, remarking that Jacksonville with its colleges and institutions has much in common with an organization whose aims are to raise the standards of the home and properly educate the child. He called attention to the Ladies Educational Society, one of the oldest women's clubs which has during the eighty years of its existence helped thousands of girls to get an education. In her response, Mrs. Doty said she was sure she and her friends would enjoy every moment of their stay in Jacksonville.

The musical numbers were well received. Grieg's Sonata in F major, Allegro, and Trio, Allegretto quasi Andantino and Allegro molto vivace was interpreted by L. M. Swarthout on the violin and D. M. Miller sang "Absent" by Tiredalli, "Who'll buy my Lavender," by German and "The Nightingale has a Lyre of Gold," by Whelpley.

Mrs. Page's Address. In discussing "The relation of the society to the young woman," Mrs. Page said in part: "I feel very earnestly that we must consider this question with a new hope that each one of us should look upon the duty of society to the young girl as an individual matter. No one lives to himself alone. We are beginning to realize that we are really our brother's keeper."

"Although we may consider the duties of society to the young girl from the standpoint both of actual and ideal conditions it is of actual facts that I shall mainly speak."

Mrs. Page divided young women into three classes: "Those who work, those who are preparing for life and girls of the so called leisure class."

She drew a picture of the plight of the working girl in the congested factory center. She scored the complacent sinners who with plenty to eat and wear forget the thousands who are in constant want of food, clothing and companionship.

She said the conditions under which many working girls have to live and earn their bread can only be appreciated by those who have seen them and labored among them. If we know the long hours and speeding up inflicted upon the girls in the candy trade, the sweets of Christmas time would lose their flavor. If we know of the more in-

fants driven to the factories and exploited by the manufacturers of artificial flowers, few such ornaments would we place upon our hats.

The speaker went on to point out the poor chance these girl-toilers have of obtaining the education which will fit them for motherhood. The girls who are preparing for life are ignorant often of the object of their education. They go to school and prepare without knowing the object of their preparation. Our problem is too educate these girls both workers and students, so that they will understand the laws of hygiene and comprehend the essentials of sane wholesome parenthood. Our problem is to fortify these girls against the temptation of city life, to guard them and maintain the home under the change of conditions of the present.

The Congress Today. This morning's session will be given to reports of officers and committees. At 1 o'clock a luncheon will be served at the Christian church. At 2 o'clock the delegates will visit the state institutions and witness a play staged for their benefit by the girls from Illinois College in Sigma Psi hall.

At 7:30 the congress will assemble for the child welfare banquet at State Street church at which Mrs. Louise Inglis will preside and President C. H. Rammelkamp, Illinois College; Mrs. B. F. Langworthy, River Forest; Dr. Josephine Milligan, Jacksonville; Mrs. W. C. Stevenson, Decatur; President Joseph R. Harber, Illinois Woman's College; Miss Marie Hesse, Chicago, will speak.

The Delegates. Among the delegates who arrived Wednesday are:

Mrs. L. D. Doty, O. T. Bright, George T. Honocker, M. B. Blouke, Charles P. Blodgett, C. J. Davis, Geo. Steeve, Mary Boomer Page, Lillian Eldredge, G. V. Crosby, F. D. Davidson, John Douglass, Lawson Gilbert and Miss Marie Hesse of Chicago; Mesdames Lucy T. Sumerline, J. W. Holaday of Mattoon; Mrs. Baylis of Macomb; Mrs. L. R. Olson, of W. Hamette; Mrs. B. F. Longworthy of River Forest; Mesdames Sellars and Moses of Charleston, C. M. Cartwright of Evanston; Mrs. W. C. Stevenson of Decatur; Mrs. Charles Knapp of Rockford; Mesdames Baldwin, Lewis and Cadmus of Peoria; and Mrs. W. E. Martin and Mrs. A. J. Reed, of Oak Park.

POULTRY CULTURE.

A Close Examination of the Would-be Poultryman's Characteristics—Self Examination.

(By Permission of The Item Publishing Co.)

Adaptation.—To decide whether one has the qualities which, under average conditions, will make him successful in the poultry business, calls for a close examination of the would-be poultryman's personality. The first essential is a genuine practical liking for the fowls and the business. This quality should insure such a strong personal interest in all the details of care and management, that things must usually go right and anything wrong will be quickly detected and corrected.

Application.—Strict attention to business and close application of mind and muscle are necessary in order that the plans may in the first place be fully thought out and in the second place faithfully executed in every detail. The poultryman must stick to his business. Patience, perseverance and persistence are required to enable the poultryman to work in spite of obstacles and discouragements which sometimes occur in this as in other occupations, due to unforeseen conditions or to causes which could not be prevented.

Orderliness.—Methodical ways are desirable to make sure of the systematic development of the poultry plant and management of its business. Accurate accounts should be kept so that the poultryman knows how the undertaking pays financially or where it is running behind.

Steadiness.—Steadiness usually goes with the last mentioned quality and there is ample opportunity for its exercise in planning and systematizing all parts of the business in searching out courses of loss or injury, in reducing the expenses of food and labor, in securing better returns by attractive advertising and more advantageous marketing, in improving the breeding stock, and in numerous other ways. The poultryman who is constantly and intelligently studying his problem is usually progressive and successful. Constant alertness and reasonable aggressiveness aid greatly in pushing plans to success and maintaining the business in a satisfactory and profitable condition.

Common Sense.—To clinch matters the poultryman should possess the common sense shrewdness of the keen man of business in financial affairs, understand the factors of his undertaking and how to manage them, seeing all the opportunities of increasing the value and profitability of his poultry plant and utilizing them, preventing all wastes and making the best disposition of all by-products.

Faith.—The poultryman combining in his makeup a fair proportion of the above mentioned personal qualities will not be likely to have the faults of carelessness, which allows disease to enter the flock; negligence, which permits lice and mites to breed in the buildings and on the birds; roughness, which disturbs the flock unnecessarily and keeps the fowls worried and flurried and ignorance, which results in needless mistakes.

The Test.—However seriously a person may be taken with the so-called "hen fever" if he will stop long enough to consider all of the foregoing characteristics and how practically and emphatically they bear upon the success of the poultryman, and will further submit to a candid self examination in these points, he ought to be able to determine his fitness or unfitness for the business.

Next week, the Poultryman's Preparation—H. A. McKean, secretary, Illinois Farmers' Institute.

SOCIAL EVENTS.

Mrs. G. A. Boruff entertained a company of relatives at dinner Tuesday at her home on South West street in honor of the joint birthday of herself and Mrs. W. T. Reaugh. Mrs. Boruff and Mrs. Reaugh are twin sisters and each year their birthday anniversary is observed at the home of one or the other. This year only near relatives were present and an honored guest was their mother, Mrs. Margaret Wyatt of Manchester. A splendid dinner was served and the occasion was one of very great pleasure.

The next charity tea for the benefit of Passavant hospital will be held at the home of Mrs. T. J. Pitner on May 22. It will be known as a garden party.

Mrs. Albert Metcalf, Miss Eleanor Thompson and Miss Winnie Wackerle gave a floral party to the members of the May queen and her party. The event took place after the exercises in Phi Nu hall. The floral idea, pink and white was carried out in the hall. In the "floral love tale," the prize was won by Miss Elizabeth Tendick. A splendid dinner was served, the queen's birthday cake being a feature, as she has a birthday soon. The evening proved most enjoyable in every way.

We are showing a thousand pretty white and colored wash dresses, made of voiles, crepes, linens, lawns, chambrays, ginghams, etc., from \$1.50 up to fine lingerie dresses suitable for evening wear, dainty styles at moderate prices.

LEVEN MERRITT DAVENPORT IS CALLED BY DEATH

Well Known Citizen Succumbs to
Pneumonia at the Home of His
Daughter, Mrs. W. W. Gillham.

Leven Merritt Davenport, for forty years a merchant of Jacksonville and one of the city's well known residents, died Wednesday noon at the home of his daughter, Mrs. W. W. Gillham, 920 West State street, at the age of 79 years. His passing away was very sudden and came unexpected to his many friends. He first complained of not feeling well Saturday evening last, having suffered from a slight chill. He early developed symptoms of pneumonia and on Monday the attending physician did not hold out much hopes of his recovery. He gradually grew worse, until death ensued.

Mr. Davenport was born in Casey county, Kentucky, March 14, 1834, and came to Illinois in 1861, settling in the Pisgah neighborhood. He came to Jacksonville in 1870 and was married Jan. 1, 1874, to Miss Adaline Magill, who passed away Dec. 19, 1900. They were the parents of only one child, Mrs. W. W. Gillham of this city. He also leaves three sisters, Mrs. Emily Cox and Mrs. Carl Courtney of Waverly and Mrs. Adeline Phillips of Quincy; also one brother, Matthew Davenport of Waverly.

For over forty years Mr. Davenport was in business in Jacksonville, having conducted a tobacco store on the northwest corner of the square. He retired from business about seven years ago. Mr. Davenport was a man of unassuming manner and yet possessed a heart of nobility and kindness. He guarded his words with care and was known for the consideration he gave others. He was a great lover of home life and was greatly interested in the affairs of the day, although he never sought any political office at the hands of his fellowmen. He was a strong Democrat and was always ready to defend the principles in which he believed. Mr. Davenport was converted to the faith of the Christian church twenty-five years ago, and under a meeting held by Prof. Black, and to those who knew him best he endeavored to live out the teaching of his faith in his every day life. He will be missed in the home and among the large number of friends who had learned to love him for his worth as a citizen, neighbor and counsellor.

The funeral services will be conducted Friday afternoon at 3 o'clock from the residence of his daughter, in charge of Rev. Clyde Barsie. Interment will be made in Diamond Grove cemetery.
